
Brooke Sea Wang Chang, O.D.

Philosophy of Care

Dr. Chang is committed to providing comprehensive eye care for everyone, she firmly believes the iimportance of prevention and early detection of eye problems through routine screening eye exams. Patients often do not know they have a vision threatening eye problem, and through routine exams, patient education, and early detection and intervention, many patients' vision loss can be prevented or halted.

Clinical Interests

Dr. Chang provides comprehensive eye care to patients age 8 to geriatric, with a special interest in the senior population. She provides diabetic eye exams, takes care of eye emergencies, and providing eye health monitoring to patients with complex eye conditions. She also performs routine eye exams including glasses and contact lense exams.
