2. REGISTRATION IS NOW OPEN FOR IMPROVING OUTCOMES 2019!

On behalf of UC Davis Health – Vice Chancellor’s LGBTQ+ Advisory Council, we would like to invite you to our 5th annual Improving OUTcomes Conference, October 18-19, 2019 at UC Davis Health in Sacramento, CA.

Each year, we explore how health professionals and community partners can improve quality of and access to care for LGBTQ+ patients and their families. This year, our overall theme is LGBTQ+ Healthcare Across the Ages with a focus on the aging population. This year’s conference includes a documentary film Gen Silent, on the lives of six LGBT seniors living in the Boston area who must choose if they will hide their sexuality in order to survive in the long-term health care system.

Our keynote speaker, Dr. Kathleen Sullivan, a commissioner on the Governor’s Commission on Senior Services in Oregon, and a member of AARP’s Diversity Action Committee will kick off
Saturday’s program. Led by experts in the field, this year’s conference offers workshops in four important areas: Medical Practice, Aging, Serving the Community, and Education.

This year, we are offering special affordable low registration rates. Continuing Medical Education credits are available for attendees. For detail information about the conference, registration, and rates, please visit: www.improvingoutcomesconference.com.

We look forward to seeing you in October!

5. NEW FACULTY WORKSHOP – OCTOBER 10, 2019

On Thursday, October 10 from 8a-12p, a New Faculty Workshop will be held in the MIND Institute Auditorium. Breakfast will be provided.

A speed mentoring component has been added to this event. For new faculty, navigating the culture of UC Davis Health, their department, work and life can be overwhelming. Mentoring relationships can help. Our speed mentoring session will provide participants the opportunity to speak directly with senior faculty about their careers.

This workshop will also help faculty identify the skills needed for their continued academic success and will provide them with the resources available to support their work here at UC Davis Health. Important information will also be provided in the areas of teaching, research, faculty development, faculty mentoring and retirement planning.

This event is different from the new faculty workshop that is held on the Davis campus. The workshop in Davis will not provide you with information you will need to know that is unique to the UC Davis Health.
