

Pulmonary and Critical Care

Adult Telehealth Consultations (Inpatient)

We offer point-to-point clinical telehealth consultations for a variety of adult pulmonary and critical care concerns, with ongoing assistance as needed. If you would like to refer a patient for a condition that is not listed below, please send your request along with the patient's chart notes to the telehealth coordinator for the specialist's consideration.

Critical Care Clinical Conditions

- General adult critical care
- Shock management
- Surgical subspecialty critical care support
- Imaging analysis and recommendations for therapeutic interventions and/or diagnostic tests for any critical care condition
- Ventilator management
- Sepsis and infectious diseases

Pulmonary Conditions

- General pulmonary consultations
- Asthma
- Pulmonary infections
- Chronic thromboembolic disease
- Pulmonary hypertension and pulmonary vascular disease
- Imaging analysis and recommendations for therapeutic interventions and diagnostic tests for any critical care condition
- COPD
- Interstitial lung disease
- Bronchiectasis

Additional Offerings (Check With Clinical Manager)

- Up-to-date critical care or pulmonary lectures
- Web-based education on-demand
- Teleconferences to discuss case-specific issues, quality and safety analysis, protocol and guideline development, technical ICU and pulmonary labs management, technical issues, and general issues

Information Needed Prior to Scheduling an Appointment

- [Telehealth Referral Request Form](#)
- Recent history and physical, and all applicable clinical information from the patient's chart
- If available, test results from any of the clinical conditions

Information Needed Before the Consultation Begins

- Signed [UC Davis Health Acknowledgement of Receipt: Notice of Privacy Practices](#) form (new patients only)
- Documented verbal consent from the patient for participation in a telehealth consultation

Appointment Scheduling
