Adult Neurology

Telehealth Consultations

We offer telehealth consultations for a variety of adult neurology conditions. If you want to refer a patient for a condition that is not listed below, please send your request along with the patient’s chart notes to the telehealth coordinator for the specialist's consideration.

Clinical Conditions (Note: No behavior issues or autism referrals)

- Seizures
- Epilepsy
- Headache, migraines and other related conditions

Clinical Information (if available)

- Complete history and physical
- Any previous neurologic consultation and follow-up details
- Ongoing medications including detailed regimen
- Allergies
- Detailed description of previously tried medications, procedures and/or surgeries for the ongoing problem
- Detailed reports of EEGs including CDs with raw recording
- Detailed reports of brain imaging including CDs with raw recording (includes MRI, MRA, MRV, CT, CTA, PET scan, etc.)
- Any consultation that pertains to the present problem such as neurosurgery, ophthalmology, genetics, neuropsychologic testing, oncology, etc.
- Any additional information that is deemed useful

Information Needed Prior to Scheduling an Appointment

- Telehealth Referral Request Form
- Clinical information (listed in above section)
- Additional labs, patient data or a patient history form prior to consult
- Please ensure the patient has a clear understanding of the purpose of the consultation as well as the limits of telenurology

Information Needed Before the Consultation Begins

- Signed UC Davis Health Acknowledgement of Receipt: Notice of Privacy Practices form (new patients only)
- Documented verbal consent from the patient for participation in a telehealth consultation
