At UC Davis Health we proudly apply the expertise, discoveries and technology of a world-class university to advance health and well-being for people and patients — both here in California and across the nation.

Our work includes:
- Demonstrating how to serve an urban core community
- Training and supporting rural health providers
- Providing the highest-level trauma care for our entire region
- Serving as a specialty and subspecialty care resource
- Promoting diversity
- Educating future providers, and more

Our academic health system includes:
- UC Davis Medical Center
- UC Davis School of Medicine
- Betty Irene Moore School of Nursing at UC Davis
- Primary care and outpatient specialty care at 17 locations across the region
Patient Care

Nationally renowned UC Davis Medical Center is a leading referral center for the most seriously injured or ill patients and the most medically complex cases. It is nationally ranked in 11 adult and five pediatric specialty areas.

Ranked among the nation’s top 50 children’s hospitals in neonatology, nephrology, *orthopaedics, pulmonology and lung surgery, and *urology

*Together with Shriners Hospitals for Children – Northern California

Ranked among the nation’s top 50 hospitals in cancer, cardiology and heart surgery, diabetes and endocrinology, ENT, geriatrics, gynecology, nephrology, neurology and neurosurgery, orthopaedics, pulmonology and lung surgery, and urology

High-performing in abdominal aortic aneurysm repair, chronic obstructive pulmonary disease, colon cancer surgery, heart bypass surgery, heart failure, knee replacement, lung cancer surgery, and gastroenterology and GI surgery

The only level I trauma center for both adult and pediatric emergencies in inland Northern California

One of the top five hospitals in California, as ranked by U.S. News & World Report
Philanthropy impact:

The Children’s Miracle Network at UC Davis raised **$5.3** million for advancing children’s health — UC’s top CMN group, and No. 5 nationally for year-over-year growth.

A new inpatient rehabilitation hospital will be part of Aggie Square, the university’s new public-private tech hub in Sacramento.

HOSPITAL AND PATIENT STATISTICS

- **908,542** Clinic/office visits
- **625** Licensed beds
- **34,763** Admissions*
- **80,574** ER visits

For year ending June 30, 2018

The West Coast’s first American College of Surgeons-verified level I Children’s Surgery Center – and home to newly expanded pediatric surgery facilities.

UC Davis Medical Center has received the nation’s highest recognition for nursing excellence.
UC Davis Health research includes clinical, translational and basic-science studies, with an emphasis on collaboration and on improving health for people, communities and entire populations.

**External research funding:**
- Ten UC Davis Health departments ranked in top 20 nationwide for NIH funding in 2018

**Confronting major health threats**
- Comprehensive Cancer Center: One of only eight California cancer centers designated “comprehensive” by the National Cancer Institute
- MIND Institute: UC Davis Health ranked first in the U.S. for NIH autism research funding in 2017, with more than $18 million
- Alzheimer’s Disease Center: Received one of the nation’s largest NIH grants for Alzheimer’s research in 2017
- UC Davis ranked 18th nationally for NIH neuroscience research funding in 2017, with nearly $80 million

$300 million in 2018

44+ clinical trials using stem cells (ongoing, planned or completed) at the UC Davis Institute for Regenerative Cures
UC Davis Health researchers helped to inform updated national screening recommendations for prostate and cervical cancers.

UC Davis researchers have unveiled human images from EXPLORER, the world’s first total-body medical scanner.

Philanthropy impact:
The Azrieli Foundation’s charitable grant of $2.26 million for autism-related research became the UC Davis MIND Institute’s largest such gift.

A grant of $1.7 million from the Gordon and Betty Moore Foundation established the Heather M. Young Fellowship Program, in honor of the founding dean of the Betty Irene Moore School of Nursing at UC Davis.

Grateful patient Ernest E. Tschannen’s historic $38.5 million gift is helping the UC Davis Eye Center’s work to find cures for blinding eye diseases.
Innovative UC Davis interprofessional education gives the health care workforce of tomorrow the skills and values needed to lead change and improve health for all.

Special programs prepare future primary care physicians to help the underserved:
- In urban and rural communities
- In California’s Central Valley
- By advancing Latino health
- By closing the primary care gap

Multiple residency and clerkship sites to address primary care shortages in rural communities

A Growing School
School of Nursing alumni (406) surpassed current students (323) for the first time in 2018

For more than 40 years, UC Davis students have volunteered countless hours in free community clinics delivering care for underserved populations
U.S. News continues to rank the Betty Irene Moore School of Nursing at UC Davis among the top 50 U.S. nursing schools.

Philanthropy impact:
The Jean P. Katow, M.D. Scholarship Fund’s $5 million for medical students became the largest scholarship fund in UC Davis Health history.

Center for Health and Technology education programs:
- Telehealth practice
- Simulation education
- Distance learning

FACULTY, STAFF AND STUDENTS

- 11,310 Staff, full and part time
- 1,260 Physicians*
- 3,163 Nurses
- 1,009 Students
- 933 Residents and fellows
- 1,526 Faculty and other academic personnel, full and part time

Employee participation in philanthropy is routinely first among UC health systems.

* Direct care providers
Community Engagement

UC Davis actively engages with the diverse communities it serves in Sacramento, Northern California and beyond.

Caring for vulnerable populations
- Innovative partnerships with Federally Qualified Health Centers (FQHCs)
- Continuity of care support and chronic disease screening for ED patients
- Leading statewide anti-tobacco initiative for safety-net patients

Partnering with community organizations:
- Sacramento Republic FC
- California International Marathon
- Dozens of other organizations and events

Trauma Prevention and Outreach Program
- Youth violence intervention
- Child and teen traffic safety

The UC Davis Health Cancer Care Network unites multiple cancer centers to offer patients leading-edge care in their own communities.
UC Davis programs:
- Train others to use technology-enabled health care
- Offer community workshops to increase health literacy
- Help students from diverse backgrounds to consider health careers

Supporting workforce diversity:
- #18 among Forbes Best Employers for Diversity
- Eligible for Hispanic-Serving Institution designation
- Named a Leader in LGBTQ Healthcare Equality by the nation’s largest LGBTQ organization

For health, environment and economy, UC Davis Medical Center is the largest farm-to-fork production food service in the nation’s farm-to-fork capital.

The School of Nursing partners with more than 350 clinical sites and community agencies for its education and research programs.

National pioneers and leaders in telehealth and electronic medical records integration.

UC Davis Health plays an active role in protecting the community from infectious disease outbreaks and pandemics.
