

TL1 Post-Doctoral Clinical Research Training Program Call for Applications

Deadline to submit: Monday, July 8, 2019

All applications must be **submitted electronically in a single PDF file** to:
Connie Koog at cdkoog@ucdavis.edu

The UC Davis CTSC is pleased to announce a call for Post-doctoral applicants to receive research funding from the National Institutes of Health (NIH) sponsored **TL1 Post-Doctoral Clinical Research Training Program (CTSC-TL1)**. The **CTSC-TL1** program is part of a fully integrated approach by the UC Davis CTSC to advance research education and training for multidisciplinary, clinical and translational investigators working to improve human health. The overall goal of the TL1 program is to provide post-doctoral scholars with skills required to develop a career in multidisciplinary clinical and translational research relevant to human health. The **CTSC-TL1** training program is expected to strongly advantage scholars in preparing for successful careers in translational research.

Post-doctoral scholars pursuing health related research are eligible to apply. Scholars will be selected based on a competitive application process in which student academic qualifications, career goals, and the quality of the training environment will be important considerations for funding.

Applicants must work with a UC Davis faculty mentor and develop a proposed research plan in consultation with that mentor to be submitted with the application. The Award is initially for 1 year (July 15, 2019 - June 30, 2020) with the option of a second year based on progress of the trainee. Award recipients are required to make a one-year commitment to all components of the training program; which includes the proposed research, didactic instruction and exposure to clinical care. Scholars may earn a master's in clinical research, if they choose, during the training.

Awardees will receive a stipend, funds for research and travel expenses. For those pursuing the MAS in Clinical Research, full tuition will be covered. Please be advised that the research budget must be administered under the current NIH directive with respect to clinical trial research and can only be used to offset research costs that do not directly support clinical trials. For example, TL1 funds may not be used to pay subjects or purchase medications. In addition, all funds must be managed by UC Davis, and not by off-site entities. As always, direct billing for services is permitted. All budgetary items should be reviewed and approved prior to initiating studies.

Eligibility Criteria:

- Current UC Davis postdoctoral scholar
- U.S. citizen, noncitizen nationals, or have legal admission into the U. S. as a permanent citizen at the time of application (temporary or student visas are NOT eligible)
- Strong academic credentials and good communication skills
- Ability to commit to all requirements of the training program, including an observer in selected clinical rotations
- Proposed research project must be relevant to human health
- Interest in developing a career in multidisciplinary, translational biomedical research
- Identification of a faculty mentor and strong mentor support

Application Procedure:

Candidates must submit a written application electronically in a single PDF file with the following information included in the application:

1. **Application cover sheet** (see attached)
2. **Research Proposal** should include the following sections (3 pages max):
 - Project Title
 - Significance/Statement of Problem
 - Aims
 - Research question/Hypothesis
 - Methodology
 - Research Design
 - Project timeline
 - Career Development Goals (1/2 page)
3. **Mentoring Plan** – it is expected that this section would be jointly written with the applicant and mentor(s) and will include the following:
 - The mentoring plan must make clear how the disciplinary expertise of each mentor will contribute to the candidate's research and training plans. It should describe how the mentors plan to work together and what each will contribute to the candidate's research and training.
 - The mentoring plan should describe specific plans for the frequency of contact between the mentors and the candidate and identify expectations for candidate productivity (i.e. expectations regarding manuscripts, submission of applications for extramural funding, etc.). They should indicate a willingness to complete the required quarterly mentee progress reports and participate in seminars with the other scholars and their mentors.
4. **Recommendation Letters** - at least one letter of recommendation is required, two are preferred, one must be from the proposed faculty mentor(s)
5. **Applicant's CV**
6. **Mentor's Biosketch** (NIH format)

For questions, regarding the application process, please contact Connie Koog at (916) 703-9132 or cdkoog@ucdavis.edu.

Applications will be reviewed by a CTSC committee chaired by program directors Dr. Valentina Medici and Dr. Julie Schweitzer.

Application Cover Sheet**

This form must accompany your electronically submitted application package.

Deadline: Monday, July 8, 2019

Name (Last, First, Middle Initial): _____ Degree(s): _____

Department(s): _____

Professional title(s): _____

Work #: _____ Home/Cell #: _____

Pager #: _____

Preferred email address: _____

Permanent mailing address: _____

Title of Project: _____

Letters of support: Please list names, titles, affiliations, phone numbers and email addresses. Please list each mentor separately.

Mentor #1 Name and Degree(s):	
Department/Affiliation:	Phone #:
Title:	Email address:

Mentor #2 Name and Degree(s):	
Department/Affiliation:	Phone #:
Title:	Email address:

Mentor #3 Name and Degree(s):	
Department/Affiliation:	Phone #:
Title:	Email address:

**Please complete this Demographics Information form
(for grant-reporting purposes only)**

Age: _____ years

Gender: Male Female

Are you of Hispanic or Latino origin or descent?

Yes

No

What is your race? Please mark all that apply:

Asian White Black or African American

Native American or Alaskan Native

Native Hawaiian or other Pacific Islander

Other (please specify) _____

Citizenship:

United States

Other (please specify) _____
