COVID Research Data Set (CORDS)

HOST(S): Brian Paciotti, Ph.D., M.S.
Clinical Analyst, Research Infrastructure
University of California Davis Health

DATES: Every Thursday

TIME: 12pm -1pm

UC Davis Health is providing researchers data related to COVID-19 patients. The data available comes from UC Davis, UC Irvine, UCLA, UCSD and UCSF. We are offering office hours to allow researcher to ask questions about this data resource. We use ZOOM. Email us at UCDCordsUsers@groups.ucdavis.edu for an invitation/link.

DROP-INS WELCOME

GET HELP ON THE FOLLOWING:

- How do I access the data set?
- Who can help me resolve issues with getting access?
- What data are included in the dataset?
- What type of agreement will I be required to sign?
- How can I find documentation about the data?
- Can I see a demonstration?
- What tools are available to analyze data?

Sending your question(s) ahead of time is strongly encouraged and can be emailed to:
