

Gender-inclusive restrooms

Access and equality
in a safe, inclusive
environment

UC Davis Health System is strongly committed to creating and sustaining an environment that supports and values all members of our community – including patients, visitors, students and staff.

In order to provide access and equality in a safe and inclusive environment, the health system offers gender-inclusive restroom facilities in a number of buildings on the Sacramento campus.

Gender-inclusive restrooms are single-occupancy or single-stall restrooms. Each is marked with the international convention of a triangle within a circle, without gender pictograms.

Building name	Gender-inclusive restrooms	Bldgs within a 2 min. walk
UC Davis Medical Center (Hospital)	2001, 3602, 4007, 4009, 4602, 4604, 6005, 6007, 6801A, 6801B, 7602, 8604	Davis Tower, SESP, Police Building, Patient Support Services Bldg.
