**2016-2017**  
**CONTINUING MEDICAL EDUCATION ACTIVITIES**

Dear Colleagues,

We are pleased to announce the 2016-2017 UC Davis Eye Center Continuing Medical Education activities.

Each year, our department, in conjunction with the UC Davis Health System Office of Continuing Medical Education, provides a series of Visiting Professor Grand Rounds, didactic programs, and our Annual Symposium designed to provide the community and our region with high-quality continuing medical education in ophthalmology.

For the coming year, we have planned an exciting Visiting Professor Grand Rounds series listed in this brochure. We invite you to join us for these CME activities in each of the subspecialties of ophthalmology.

On September 17, 2016, we will host, "The EYES of a CHILD", an enormously successful program geared to pediatricians, optometrists, school nurses, and technicians.

The 40th Annual Ophthalmology Symposium, Ophthalmology Through the Generations will be returning to the Napa Valley Marriott, **JUNE 2-4, 2017**. The full program, registration form and hotel information will be posted on the Eye Center's website.

On Saturday, June 17, 2017, the Eye Center will host the 6th Annual Resident and Alumni Research Symposium on the UC Davis Medical Center Campus. This one-day educational program will include resident and fellow research presentations and will feature the Alumnus of the Year Lecturer and the Byron Demorest Lecturer.

We hope you will take advantage of these excellent educational opportunities.

Sincerely,

Mark J. Mannis, MD

# THE SACRAMENTO CAMPUS OF UC DAVIS

The **Sacramento campus of UC Davis** is home to the region's only academic health center, **UC Davis Health System**. UC Davis Health System advances the health of patients everywhere by providing excellent patient care, conducting groundbreaking research, fostering innovative, interprofessional education, and creating dynamic, productive partnerships with the community.

The academic health system includes one of the country's best medical schools, **UC Davis School of Medicine**; the innovative **Betty Irene Moore School of Nursing**; an acute-care teaching hospital, **UC Davis Medical Center**; and a **physician's practice group** which provides primary and specialty care. The National Cancer Institute-designated **UC Davis Comprehensive Cancer Center**; the internationally renowned **UC Davis MIND Institute**; a hub for stem cell research, the **Institute for Regenerative Cures**; and the **UC Davis Children's Hospital** also are based on the campus. Other nationally prominent centers focus on advancing telemedicine, improving vascular care, eliminating health disparities and translating research findings into new treatments for patients.

All together, UC Davis offers comprehensive, state-of-the-art health care, research and education unmatched by any other health system in the region. For more information, visit [healthsystem.ucdavis.edu](http://healthsystem.ucdavis.edu).
