Thrive as you Lead Webinar
WHAT IS MY LEADERSHIP STYLE?

Leadership style is a significant differentiating factor in our reputation and career success. The good news is that you can intentionally flex your leadership style to connect more deeply with others.

In this seminar you will:
▪ Learn the 6 Emotional Leadership Styles according to Dr. Daniel Goleman
▪ Understand personal patterns and how you prefer to get things done
▪ Discover what motivates your actions and behaviors as a leader

The most successful faculty leaders share the common trait of self-awareness. Gaining a deeper understanding of how you lead naturally and authentically, empowers you to positively influence in any role or endeavor.

This series is to provide continuing medical education for healthcare professionals. Each webinar is eligible for AMA PRA Category 1 Credit and physicians should only claim the credit commensurate with the extent of their participation in the activity.
