Your UC Health and Insurance Coverage

Learn about the benefits available to you as a new University of California resident or fellow.

ucresidentbenefits.com
Get to Know Your UC Benefits

Welcome to UC.

As a new resident or clinical fellow, you can enroll in benefits that provide health and other insurance. This summary provides an overview of the coverage you’re eligible for beginning July 1, 2023.
WHO IS COVERED BY THE PLANS?
Residents and clinical fellows enrolled in a Graduate Medical Education (GME) training program and working at least 20 hours a week are eligible for coverage in the UC medical, dental, vision, behavioral health, life, AD&D and disability insurance plans. You can also cover your spouse or domestic partner, in addition to your dependent children up to age 26, in medical, dental, vision and behavioral health coverage.

COST OF COVERAGE
UC pays the entire cost of coverage for you and your enrolled dependents.

INFORMATION AT YOUR FINGERTIPS
Learn more about all your benefits, and watch a new hire presentation at ucresidentbenefits.com › UC Residents and Fellows New Hire Video.
Your Coverage Options

Medical Plan

Medical and behavioral health benefits are provided through the Anthem Blue Cross PPO (preferred provider organization). The plan covers services such as preventive care, doctor’s office visits, hospitalization and prescription drugs. You can get care from any doctor or facility. But you’ll pay less out of pocket when you see a UC Health or Anthem provider.

FAMILY PLANNING

There’s no one way to form a family. Whatever path you take to parenthood, UC wants to help you with the costs by reimbursing you up to a lifetime maximum of $30,000 towards eligible expenses received through our new fertility partner, Carrot.

Carrot’s comprehensive support and exclusive resources make fertility health care and family forming resources more accessible and affordable to everyone, regardless of age, sex, sexual orientation, gender identity, or location.

Visit ucresidentbenefits.com > Health Benefits > Family-Forming Benefits for more information and to get started on your journey to parenthood with Carrot.

MENTAL HEALTH CARE AT YOUR FINGERTIPS

Ginger is a mental health app that puts behavioral coaches, self-care resources, and video-based therapy and psychiatry services all in one place. All UC residents and fellows and their dependents who are age 18 and older and enrolled in a UC medical plan are eligible to use Ginger.

All conversations with your care team, plus your sign-up information, are confidential. Ginger doesn’t notify UC that you are signed up with the app, nor does it share any information from your conversations with a coach, therapist or psychiatrist.

Learn more about Ginger at ucresidentbenefits.com, including how you and your covered dependents can register with Ginger.

1. Benefits paid under the program are treated as taxable wages for purposes of income and employment tax withholding.
## WHAT YOU PAY FOR MEDICAL CARE

### Definitions

**Benefit-year deductible**: The amount you pay for medical and behavioral health services before the plan begins to share in the cost for covered services.

**Out-of-pocket maximum**: The most you pay for covered medical and behavioral health services, including prescription drugs, in a benefit year.

**Preventive care**: Annual screening and lab tests based on your age and gender.

¹. In addition to any deductible and coinsurance, you are responsible for any billed charge that exceeds Anthem's maximum allowed amount for services provided by an out-of-network provider. For outpatient non-emergency services or surgery at an out-of-network facility, the maximum plan payment amount is $350 per day. For outpatient surgery at an out-of-network ambulatory surgical center, the maximum plan payment amount is $350 per day. For inpatient non-emergency services at an out-of-network facility, the maximum plan payment amount is $600 per day.

². In-network and out-of-network benefit-year deductibles are separate — what you pay toward one doesn’t count toward the other. UC health center deductibles apply to the Anthem PPO in-network deductible. The deductible and out-of-pocket maximum reset every year on July 1.

³. Not all services provided during a preventive care visit are considered preventive health benefits. For more information about what services are covered, go to anthem.com/ca.

⁴. An additional copayment of $250 applies if you do not receive preauthorization for out-of-network providers.
Dental Plan

You have the option to see any dentist you want, but you’ll pay less when you visit a Delta Dental PPO (DPPO) in-network dentist, and there’s no deductible to meet. You can also choose to get care from a Delta Dental Premier dentist or an out-of-network dentist, but your costs will be higher and you’ll need to pay the deductible. **UC pays the entire cost of coverage. You pay only the out-of-pocket costs for the care you receive.**

<sup>1</sup> In addition to any deductible and coinsurance, you are responsible for any billed charge that exceeds Delta Dental’s maximum allowed amount for services provided by an out-of-network provider.
Vision Plan

Exams and lenses are covered once every 12 months, with a small copayment for each, when you see a VSP Vision Care provider. The plan also covers a portion of the cost of contact lenses and frames. **UC pays the entire cost of coverage. You pay only the out-of-pocket costs for the care you receive.**

</tbody>
</table>
Group Life, AD&D and Disability Insurance

You’re automatically enrolled in life, accidental death and dismemberment (AD&D), and disability insurance at no cost to you.

These plans — administered by New York Life — may pay a cash benefit if you die or become seriously injured.

GROUP LIFE AND AD&D
The group life insurance and AD&D benefit amounts are each $50,000.

SHORT- AND LONG-TERM DISABILITY PROGRAM
If you can’t work for 30 continuous days because of a disability, your short-term disability (STD) benefits may pay up to 66.67% of your salary ($1,200 weekly maximum) for up to 22 weeks.

If you are still disabled after 22 weeks, you may be eligible for long-term disability (LTD) benefits that replace up to 66.67% of your salary ($5,000 monthly maximum) until you no longer meet the definition of disability or you reach Social Security normal retirement age.

Flexible Spending Accounts

Flexible spending accounts (FSAs) allow you to set aside pretax dollars from your paycheck to use toward eligible health care and dependent care expenses. Essentially, you pay yourself back with tax-free money for expenses you’d have anyway, such as child care expenses, doctor’s office visits, and prescriptions.

You can choose to participate in one or both of the following: a Medical FSA, used to pay for health care expenses, and a Dependent Care FSA, used to pay for child care expenses. Both accounts are administered by WEX.

Residents and fellows who are partially funded on T32 grants received through the UCPath payroll system can make pretax deductions against their UC pay only. Monthly election amounts cannot exceed your monthly UC pay.
MEDICAL FLEXIBLE SPENDING ACCOUNT (FSA)
The Medical FSA lets you set aside pretax dollars from your paycheck to use for eligible health care expenses, such as:

- Copayments and coinsurance for doctor’s office visits, lab tests, and hospital stays
- Prescription drugs and over-the-counter medications, like allergy, asthma and cold/flu medicines
- Birthing and Lamaze classes
- Dental and orthodontia treatment
- Vision care, including glasses and contact lenses

**Contribution Limits**
In 2023, you can set aside up to $2,850 in your Medical FSA. Consider your health care expenses from previous years to estimate how much you should contribute to your account, and keep this in mind:

- You can enroll as of your program start date, and then file claims incurred on or after the first of the following month.
- The full amount you elect to contribute for the remainder of 2023 will be available to you after your plan effective date.
- You have until April 15, 2024, to submit claims for reimbursement of expenses incurred between your plan effective date (usually your program start date) and Dec. 31, 2023.

**Use it or (mostly) lose it!** You can roll over up to $570 each benefit year. Any balance over that amount is forfeited, so carefully estimate your expenses through Dec. 31, 2023. You can submit claims for eligible expenses incurred through your last day of 2023. You can make changes to your election only if you have a qualifying life event.

DEPENDENT CARE FSA
The Dependent Care FSA lets you set aside pretax dollars from your paycheck to use for eligible out-of-pocket child care expenses, such as day care, after-school programs, and day camps for dependents up to the age of 13. It also covers care costs for disabled dependents of any age, including your spouse.

**Contribution Limits**
You can contribute up to $5,000 ($2,500 if married and filing a separate tax return) each benefit year. This maximum limit applies to your entire household, so if you are married or have a domestic partner who also contributes to a Dependent Care FSA, the combined total you both can contribute is $5,000. When considering how much to contribute, keep this in mind:

- You can enroll as of your program start date, and then file claims incurred on or after the first of the following month.
- You can request reimbursement up to your account balance. You will likely need to hold your dependent care expenses and submit them later in the year to build enough money in your account for reimbursement. Or, you can submit all of your dependent care expenses at the end of the benefit year and receive one lump-sum reimbursement.
- You have until April 15, 2024, to submit claims for reimbursement of expenses incurred between your plan effective date (usually your program start date) and March 15, 2024.

**Use it or lose it!** Any money remaining in your account after April 15, 2024, is forfeited, so carefully estimate your expenses through March 15, 2024. You can submit claims for eligible expenses incurred through March 15, 2024. You can make changes to your election only if you have a qualifying life event.

To learn more about the flexible spending accounts, watch a short video presentation at ucresidentbenefits.com > Financial Benefits > Medical Flexible Spending Account > Understand the Flexible Spending Accounts.
To-Do’s for New Hires

You can enroll in your health and insurance benefits beginning June 1, and you have 30 days to enroll from your program start date. To receive your medical ID cards and begin using your benefits as of your program start date, complete your enrollment at least 15 days before your program start date.

Your First 30 Days Requires Three Actions

1. EVALUATE YOUR NEEDS.

Do you want medical, dental and vision coverage?
UC covers the cost of all three, so nothing is deducted from your paycheck.

Do you need to cover anyone else in addition to yourself?
You can add your spouse or domestic partner and any dependent children up to age 26.

Do you want a flexible spending account (FSA)?
You can choose to participate in one or both of the following: the Medical FSA, which lets you save pretax money that you can use to cover eligible health care expenses, and the Dependent Care FSA, which you can use to save pretax dollars for eligible dependent care costs.

This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the Benefit Plan Summary. If there is a difference between this summary and the Benefit Plan Summary, the Benefit Plan Summary will prevail.
2. ENROLL IN BENEFITS.

Medical, dental, vision coverage

Log in to PlanSource to enroll yourself and your dependents in medical, dental and/or vision coverage. You will need to use a temporary username and password to begin.

Your temporary username is the first letter of your first name + the first 6 letters of your last name + the last 4 digits of your Social Security number.

Your temporary password is your birthdate (YYYYMMDD).

You’ll be prompted to change your temporary username and password following your initial login.

For more information on how to enroll, view step-by-step instructions at ucresidentbenefits.com > Enrolling > How to Enroll.

Flexible spending accounts

Enroll in the Medical FSA and/or the Dependent Care FSA through UCPath. You can enroll once you are set up in the UCPath payroll system.

3. UPDATE YOUR INFORMATION.

Address and beneficiaries

Do not ignore this step. While logged in to PlanSource, you’ll be prompted to update your address and beneficiary information. Your address is needed for ID cards and new benefit information, as well as tax documents. The person or persons you designate as beneficiaries are the ones who will receive benefit payouts (life insurance and disability benefits) in the event you die.

You are automatically enrolled in life, accidental death and dismemberment (AD&D), and short-term and long-term disability insurance.

ID cards: If you enroll in coverage for the first time, you’ll receive a new medical ID card in the mail within 10 business days of your completed enrollment.

UNIVERSITY OF CALIFORNIA HEALTHCARE PLAN NOTICE OF PRIVACY PRACTICES—SELF-FUNDED PLANS

The University of California offers various health care options to its employees, retirees and their eligible family members through the UC Healthcare Plan. Several options are self-funded group health plans for which the University acts as its own insurer and provides funding to pay the claims; these options are referred to as the “Self-Funded Plans.” The Privacy Rule of the federal Health Insurance Portability and Accountability Act of 1996, also known as HIPAA, requires the Self-Funded Plans to make a Notice of Privacy Practices available to plan members. The University of California Healthcare Plan Notice of Privacy Practices—Self-Funded Plans (Notice) describes the uses and disclosure of protected health information, members’ rights and the Self-Funded Plans’ responsibilities with respect to protected health information.

UC’s Self-Funded Plans for 2023 include the UC Resident and Fellow PPO Plan, the UC Resident and Fellow HMO Plan, the Delta Dental PPO and the Vision Service Plan (VSP). A copy of the updated Notice is posted on the ucresid.../ucop.edu. The Notice was updated to reflect the current health care plan options effective July 1, 2023. If you have questions or for further information regarding this privacy Notice, contact the UC Healthcare Plan HIPAA Privacy Officer at policyoffice@ucop.edu.
