

“Connecting Worlds” a 40-hour Healthcare Interpreter Training

This is a 40 hours industry standard training for medical interpreters. It satisfies the CMI and CCHI national certification prerequisite requirement.

This training is not a guarantee of employment at UC Davis Health

**Due to COVID-19 safety/health precautions,
this class will be held online.**

This training includes:

- 40 hours of virtual classroom time and homework.
- Non-language specific training group - all languages are welcome!
- Activities, terminology review, practice.
- Case studies, role play.
- In-depth study of medical interpreter roles, ethics, legal issues.
- A full training binder.
- Certificate of completion.
- An overview of the latest video interpreting technology.
- Presentations from industry professionals.
- “A day in a life of a hospital interpreter” discussion.
- An overview of the two national certification exams.
- Tips on national exam preparation and requirements.
