Testimony from a first year medical student

"There have been times when I didn't have time to prepare a meal for lunch and couldn't afford to buy one, but the resources provided by The Pantry helped me out."

Sadly, many of our students share the same testimony. Finding time to prepare meals is hard when we are constantly studying and budgeting for food is hard when we are living on a tight budget from student loans."

I’m blown away by the generosity and kindness of the people who donate! Thank you all so much!

THE GRAND OPENING
April 7, 2017

THE PANTRY STORY

In 2014, Kendra Harris, a former UC Davis School of Medicine employee, started a food pantry in her office.

On April 7, 2017, the Christian Faith at Work employee group expanded The Pantry, which is now located in the Student Commons and is accessible to anyone with a need in the UC Davis Health community, no questions asked.

Testimony from a medical student
It’s great to have quick access to food and hygiene products during busy school times when I don’t have time to shop. It’s great as well during times where cash is low. I’m thankful for the food pantry and glad we have it here at school!
