Students requesting a deferral of the USMLE Step 1 must get approval from the Office of Medical Education (OME) and the Committee on Student Promotions (CSP). Students who are approved for a deferral, are required to participate in the OSLE Step 1 Review from February 28-April 22, 2022 and will be enrolled in Directed Study units during this time. Please carefully review the **CSP USMLE Step 1 deferral policy** before completing this form.

Students should complete this form in its entirety and submit as directed below.

**Deferral duration requested: ~~Calendar~~ #**

Please remember that deferrals are based on academic reasons. Please specify why you think you would benefit from this deferral (attach an additional form if necessary):

Step 1 Deferral Form

**Signatures below constitute acknowledgement of deferral plans but not necessarily agreement.**

Signature of OSLE Staff & Date: \_\_\_\_\_

Signature of Clinical Curriculum Manager & Date: \_\_\_\_\_

Signature of Academic Coach (or designee) & Date:  
\_\_\_\_\_

*I verify that I have met and discussed the implications of my requested deferral with the above staff and faculty. I understand that if a deferral is granted, I will be required to participate in the OSLE Step 1 Review to be held on the Sacramento campus of UCDSOM from February 28-April 22, 2022.*

**Student Signature & Date:** \_\_\_\_\_

## **OSLER Step 1 Review**

The OSLER Step 1 Review is an 8-week guided study plan that provides students who have deferred Step 1 with increased structure and accountability during the first two months (March/April) of their study period prior to completing an individual Step 1 study plan in May/June.

### **Goals of the OSLER Step 1 Review are to:**

- Provide students with structure and accountability to support completion of a comprehensive review of Step 1 content prior to beginning an individual dedicated study period.
- Provide opportunities to practice active learning strategies that can be used during independent study.
- Provides opportunities to apply and practice effective test taking strategies while completing practice questions and assessments.
- Provide support related to individual study, learning and test taking needs.

### **Requirements**

- Participate in Step 1 Review from February 28-April 22, 2022.
- Follow a weekly Step 1 study schedule provided by OSLER
- Complete daily assignments created by OSLER
- Attend all in-person group sessions and individual meetings with OSLER Learning specialists.
