

COMMUNITY HEALTH SCHOLARS PARTNERSHIPS & COLLABORATIONS

FEATURED PROGRAMS THROUGHOUT MEDICAL SCHOOL TRAINING

The following organizations are integral to the CHS curriculum and provide diverse learning opportunities for students:

- [Harm Reduction Services](#): A Sacramento-based nonprofit providing health services, education, and advocacy for individuals affected by substance use.
- [St. Mary's Dining Room](#): Located in Stockton, this organization provides meals, healthcare, and other essential services to individuals experiencing homelessness.
- [International Rescue Committee \(IRC\)](#): Supporting refugee and immigrant communities through health services, job training, and advocacy in Sacramento and Turlock.
- [Yolo Crisis Nursery](#): Offering early intervention and family support services for families in crisis in Yolo County.
- [Alchemist Community Development Corporation](#): Dedicated to fostering equitable food systems and economic development in Sacramento neighborhoods.
- [Wellspring Women's Center](#): A daytime refuge offering support services, nourishment, and advocacy for women and children in Sacramento.
- The Nest at UC Davis: A dedicated space supporting student-parents through childcare and wellness resources.
- [YoloCares](#): Providing hospice and palliative care services in Yolo County with a focus on dignity and compassion.
- [Community Medical Centers \(CMC\) Respite Center](#): Based in Stockton, the Respite Center offers transitional housing and healthcare for individuals experiencing homelessness.
- [Three Sisters Garden](#): A sustainable farm promoting Indigenous agricultural practices while fostering community wellness and education.
- [Food Literacy Center](#): Educating children on healthy eating and inspiring them to make sustainable food choices in Sacramento.
- [Yolo First 5](#): Advocating for the health and education of children aged 0-5 and their families in Yolo County.
- [California Rural Indian Health Board \(CRIHB\)](#): Partnering with tribal communities to improve health outcomes through advocacy, training, and programs.
- [Avenue M](#): Mentorship opportunities for medical students to give back by supporting pre-med students in their educational journey.
- [COMPADRE](#): A collaborative program designed to support and train healthcare providers in rural and underserved communities.

COMMUNITY HEALTH SCHOLARS PARTNERSHIPS & COLLABORATIONS

COMMUNITY COLLABORATIONS FOR CHS-SPECIFIC ELECTIVE COURSES

These partnerships provide immersive, hands-on experiences for students in elective courses:

- Sacramento County Health Center:
 - Primary Care Clinic: Comprehensive primary care services for underserved populations.
 - Pediatric Circle Clinic: Pediatric-focused care for children with complex health needs.
 - Refugee Health Clinic: Healthcare and resources for recently arrived refugees.
 - Loaves and Fishes Clinic: On-site healthcare for individuals experiencing homelessness.
 - Complex Care Clinic: Coordinated care for individuals with multiple chronic health conditions.
- [Safer Alternatives thru Networking and Education \(SANE\)](#): Dedicated to improving health outcomes through harm reduction education and services.
- Wellspring Women's Center – Children's Corner: A program fostering early childhood development and education while parents access support services.
- [Sacramento Children's Home Resource Centers](#): Offering support and resources for vulnerable families and children across Sacramento.

Our partnership programs and collaborations provide invaluable opportunities to support our mission of nurturing future physician leaders. Together, we work to transform the health of California's rural, urban, Native American, and Central Valley communities through education, service, and advocacy.

Interested in collaborating? We'd love to hear from you—contact us today!
