

## **Professionalism Statement**

All students are graded on specific course content AND professionalism. A grade of “Pass” requires a passing performance in BOTH the course content AND professionalism.

Professionalism in general is the expectation that you will abide by the standards expected of your chosen profession. This means that you will: behave in an ethical manner; familiarize yourself with, and abide by the regulations that govern this institution in general, and which govern your position as a student in the School of Medicine; will take responsibility for your own actions; work to the highest level of competence; treat all those with whom you interact in a collegial, respectful, and professional manner; familiarize yourself with, and abide by the regulations that govern each course you take, as detailed in the course syllabus. This includes but is not limited to things such as arriving to class on time, prior to the start time, attending mandatory components of the course, reading assigned materials, coming prepared for course activities such as labs, TBLs, and small group sessions. Incidents of unprofessional behavior will be documented by the Instructor of Record and provided to the Associate Dean Student Affairs, or equivalent authority.

### **Please read and sign the following statement:**

The practice of medicine requires the highest standards of personal and social responsibility. These standards should be fostered during medical training as well as throughout practice.

I have read this Professionalism Statement and will abide by these standards to the best of my ability during my tenure as a medical student at the UC Davis School of Medicine.
