

Help Waste Find Its Place

**All Red-in-Red:
Waste items with
blood of any kind
in any amount are
biohazardous
waste**

**Know Where It
Goes!**

UC Health is transitioning to an All Red-in-Red practice to simplify waste decisions for staff. Going forward, all waste with any amount and type of blood (died, fluid, flakeable) or contaminated with OPIM - Policy 2005.

Use biohazard bins and bags that you already have in your department. Contact EH&S if you need larger or smaller bins or bags, and remind your colleagues about this change too!

*Recognizable tissue is always disposed of in a Pathology waste bin.

Contact EH&S before you implement any process changes related to this information.
