

**ADVERTISEMENT FOR PRE-QUALIFICATION  
OF PROSPECTIVE LUMP SUM BIDDERS  
Roof Patching  
Bid Package #06**

Swinerton and Taylor Design, in conjunction with UC Davis Health in Sacramento, California, requests Prequalification submissions on or before **4:00 pm Tuesday October 8, 2024** from qualified firms interested in providing Roof Patching services described below for the following project:

**UCDH PROJECT NO. 9557460  
UCDH MEDICAL CAMPUS OPERATING ROOMS INTEGRATION MODERNIZATION**

The UCDH Medical Campus Operating Rooms Integration Modernization project will be constructed via Progress Design-Build method. The UC Davis Medical Center, located in Sacramento, has a 50-year history of providing high-quality surgical care to patients across the greater Sacramento region and the 33 counties it serves. UC Davis Medical Center is ranked among the U.S. News & World Report top 50 in Cardiac, Lung, and Neurosurgery and designated High Performing in several other surgical specialties.

The Surgery & Emergency Services Pavilion (SESP) OR Integration Modernization Project would address needed upgrades to the OR Lights/Monitor booms due to boom failures beyond the ability to repair and/or replace parts.

In the SESP, the project will upgrade the OR Audio/Visual Technology within the twenty-four (24) Operating Room including combining the AV network head end equipment into one new centralized AV Room. Two (2) of the twenty-four (24) Operating Rooms will require conversion to Cardiovascular Operating Rooms (CVOR's), two (2) of the twenty-four (24) Operating Rooms will require conversion to Flex-Case Operating Rooms (FCOR's) and one (1) will require conversion to a Hybrid OR. These modifications require reconfiguration of the rooms boom orientations, structural components, med gas needs, laminar air flow and technology upgrades. Project also includes improvements to the Pre- Op, PACU areas and surgery waiting room.

The firms selected by this Prequalification process will then be invited to respond to a lump sum trade partner selection. The selected firm will be contracted under the General Contractor for construction. Project scope includes EPDM roof patching around new rooftop mechanical equipment.

Firms submitting to prequalify are required to have the appropriate California Contractor State license(s).

**C39 - ROOFING**

The Operating Rooms Integration Modernization project is a Progressive Design-Build delivery model in which the University has selected the Design-Builder as Swinerton Builders (SB) and the Architect of Record (AOR) as Taylor Design (TD). The University, Swinerton and Taylor Design will select the most qualified Trade partners. The goal is to create an integrated, high-performing, LEAN design team that will deliver the best-in-class project outcome for UC Davis Health.

Procedures: Prequalification will be available beginning on Tuesday, September 24, 2024. To request a prequalification, send an email with the subject line, "UCDH OR Modernization Roofing Prequal Request" to: lauren.morgan – [lauren.morgan@swinerton.com](mailto:lauren.morgan@swinerton.com)

Include the following information: Company name, CA Contractor's State License Board license number, contact name, contact phone number, contact email address and Bid Package(s) of interest.

Completed Prequalification RFQs must be submitted electronically (in pdf file) no later than **4 p.m.**

**Tuesday, October 8, 2023**, to Swinerton's Building Connected site. Companies submitting Prequalifications will receive a Building Connected invitation for uploading your submission. Prequalification submission documents will not be accepted after the due date and time. No supplemental data or additional project information will be accepted after due date and time unless specifically requested by the University. No hard copies will be accepted.

Lump Sum contractors must agree to comply with all UC Davis RFP and Contract Conditions for the project.

The University reserves the right to reject any or all responses to this notice.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Consultant may be required to show evidence of its equal employment opportunity policy. The successful firm and their subconsultants will be required to follow the nondiscrimination requirements set forth in the Bidding Documents and to pay prevailing wages at the location of the work.

Consultant/Design Professional shall pay all persons providing construction services and/or any labor on site, including any University location, no less than the UC Fair Wage (defined as \$15 per hour as of 10/01/2017) and shall comply with all applicable federal, state, and local working condition requirements.
