

ADDENDUM No. 7

June 9, 2025

I. Request for Information

Question 1: If we don't need a rate for services, do we leave spot blank?

Response: A \$0 rate is acceptable; however, if a role is essential to performing the work, it cannot be billed elsewhere. For example, if a \$0 rate is entered for a Project Administrator, but someone in that role is handling billing, insurance, bonds, etc., charges for Project Administrator services may not appear in the invoice. At a minimum, PM and Superintendent are required roles and must be included with all bids.
