Regulations of the Faculty of the School of Medicine

50. (A) Admission to Regular Status. To be admitted to the School of Medicine, students must have completed successfully at least three academic years at the university level, and must have met other requirements prescribed by the Faculty of the School of Medicine. The Faculty may recommend to the Dean limiting the enrollment of students to a number consistent with the facilities available for instruction. (Am. 12/31/94)
- (B) Waiver of Academic Criteria for Admission. Waivers of the minimum academic criteria for admission to the School of Medicine are granted only by the Faculty of the School through the action of the Executive Committee. Waivers are considered only for individual applicants and upon request by the Chairperson of the Admissions Committee.
60. Requirements for the Degree of Doctor of Medicine.
- (A) Academic requirements for the degree of Doctor of Medicine are:
- (1) Students are expected to adhere to a schedule that will result in graduation within four years after matriculation. Requests for exception to this four-year rule require approval by the Committee on Student Promotions (including the use of the Planned Educational Leave Program [PELP]). Standing exceptions include dual degree programs and research tracks approved by the Dean or a(n) Vice/Associate Dean whose portfolio includes student affairs. The Committee on Student Promotions' recommendations that involve/require extensions of the four-year rule are de facto approval of the extension of time. (Am. 11/5/85, 12/31/94, 3/26/07, 11/19/10, 2/17/13, 8/28/15, 10/15/21, 5/17/24)
 - (2) The candidate must have completed and successfully passed the "Pre-Clerkship Curriculum" before beginning the "Required Clerkship Curriculum." The candidate must have taken and passed Step I of the United States Medical Licensing Examination before continuing the courses of the "Required Clerkship Curriculum" unless a specific exception is granted by the Committee on Student Promotions for extenuating circumstances. The candidate must have taken and passed Step II, Clinical Knowledge of the United States Medical Licensing Examination, and the School of Medicine's Clinical Performance Examination prior to graduation. (Am. 6/22/81, 5/27/92, 6/14/99, 6/27/02, 3/26/07, 2/17/13, 2/18/21, 4/10/21, 10/15/21)
 - (3) The candidate must have satisfactorily completed the "Required-Clerkship Curriculum," including clerkships and courses. Exceptions to this require specific approval by the Committee on Educational Policy. Standing exceptions include approved dual degree programs and clinical tracks which require a modified curriculum. (Am. 8/22/80, 12/31/94, 3/26/07, 2/17/13, 11/16/13, 2/18/21)
 - (4) The candidate must have behaved and performed in a manner consistent with professional standards necessary for the practice of medicine, and must have achieved the general competencies required by the School of Medicine, including established competencies in patient care, medical knowledge, interpersonal and communication skills, professionalism, system-based practice, and life-long learning skills. (En. 7/1/82; Am. 11/5/85, 3/26/07, 2/17/13)
- (B) Prior to graduation the Committee on Student Promotions shall present to the Executive Committee of the Faculty the list of recommended candidates for action. (Am. 12/31/94, 2/17/13, 5/17/24)

70. Grades and Grading.

- (A) The Instructor of Record of each course shall on or before the first day of instruction have provided to each student the goals and objectives of the course, including knowledge and performance standards, how the student is to be evaluated, and criteria for specific grades. The performance of a physician requires competency in interpersonal relations, integrity, dependability, communication and English language skills, as well as knowledge and technical skills. Therefore, the academic standards of every course, to the extent the course requires and can assess, shall include, but not be limited to: reliability in attendance and participation; respect for individuals; demeanor which engenders confidence by patients and colleagues; interaction and procedures with patients which are within legal and ethical bounds and meet requirements of professional supervision; ability to work effectively with classmates, faculty, and in clinical courses with housestaff, other health professionals and patients. (En. 3/20/98; Am. 3/26/07, 6/19/09)
- (B) The work of all students in any of the required courses in the “Pre-Clerkship Curriculum” and “Required Clerkship Curriculum” for the M.D. degree shall be reported only in terms of two grades, P (Pass) or F (Failure), or as one of three provisional marks: I (incomplete but work of passing quality), Y (provisional, work of non-passing quality), and IP (in progress). For the “Post-Clerkship Curriculum” the work shall be reported in three grades, H (Honors), P, or F, or as one of three provisional marks: I, Y, and IP. With the prior approval of the Committee on Educational Policy, an Instructor of Record may exercise the option of not assigning H (Honors) grades. (Am. 12/2/88, 1/7/92, 12/31/94, 6/14/99, 11/20/00, 3/26/07, 2/20/08, 8/28/15, 2/18/21, 5/1/23)
- (C) The provisional mark of Incomplete (I) shall be assigned only when the student's work is of passing quality, but is incomplete for good cause, as determined by the Instructor of Record. The student is entitled to replace the I by a P grade and to receive unit credit provided they satisfactorily complete the work of the course in a way specified by the Instructor of Record. If course requirements have not been completed within the time limit specified by the Committee on Student Promotions, the Instructor of Record will submit an F grade. (Am. 7/1/83, 12/31/94, 3/26/07, 02/20/08, 2/17/13, 2/18/21)
- (D) The numerical scores for courses in the “Pre-Clerkship Curriculum,” which use quantitative measures of performance, will be retained by the Office of Medical Education for at least as long as a student remains in medical school. This information is for advising purposes, remediation plans, awards and honors, or for IRB-approved educational research purposes, and will not be recorded in official transcripts. (En. 11/20/00; Am. 3/26/07)
- (E) The Y is a provisional mark. A “P” grade will be awarded with remediation of the Y. Failure to remediate the Y, within the time frame specified either in the regulation 70 E (2) or set by the Committee on Student Promotions, will result in an F grade. Failing the remediation of an F grade within the time frame set by the Committee on Student Promotions, will result in a second F grade. (Am. 7/1/83, 12/31/94, 3/20/98, 6/14/99, 11/20/00, 3/26/07, 2/20/08, 2/17/13, 11/27/17)
- (1) For courses in the “Pre-Clerkship Curriculum” a student will be assigned a Y if they otherwise would have received an F grade following the completion of all requirements. Unless otherwise specified by CSP, this student must remediate within forty-five days after grades are available to the student and the Instructor of Record must assign the final grade within sixty days of the original grade. The grade assigned following completion of the remediation is to be based either solely on the results of the remediation or on some aggregate of all assessments as specified by the Instructor of Record at the beginning of the course. Failure of the student to follow the above directions will result in an F grade. (Am. 6/27/02, 3/26/07, 2/20/08, 2/17/13, 7/7/14, 2/18/21, 5/17/24)
 - (2) For “Required Clerkship Curriculum” the student is to be assigned a Y mark if: a) the student fails at least one graded component of the course, but not all; b) the student fails to successfully complete at least one required element of the clerkship, but not all; or c) the student receives a composite numeric score less than the passing threshold prescribed by the clerkship. An F grade is to be assigned directly by the Instructor of Record if the student fails all graded components of the clerkship. Receipt of an F grade for failing all graded components of a clerkship means the student is required to repeat the clerkship in its entirety. (Am. 12/31/94, 3/20/98, 6/14/99, 11/20/00, 6/27/03, 3/26/07, 2/20/08, 2/17/13, 7/7/14, 2/18/21)

(3) For “Post-Clerkship Curriculum” a Y mark is to be assigned if there is an academic deficiency in part but not all components of the course and an F grade is to be assigned when the student fails all components of the course. (En. 2/17/13; Am. 2/18/21)

(F) For a course extending over more than one quarter, where the evaluation of a student's performance is deferred until the end of the final quarter, the provisional mark of IP (in progress, grade deferred) shall be assigned in the intervening quarters. (Am. 12/31/94, 3/20/98, 2/20/08)

(G) All grades are final when filed by the Instructor of Record. A student may appeal a Y mark or an F grade, per the Grade Appeal Petition available on the Committee on Student Promotions’ website. Students who decide to appeal will not be considered to have a deficiency until the appeals process has been completed. (En. 2/17/13; Am. 5/17/24)

76. Courses and Credit Units.

(A) Repetition of courses is subject to the following conditions:

- (1) A student may repeat only those courses in which they received a grade of F, except in circumstances of A (3) below regarding students eligible for dismissal. (Am. 12/31/94, 3/20/98, 11/20/00, 3/26/07, 2/17/13, 2/18/21)
- (2) Degree credit for a course may be given only once, but the final grade assigned at each enrollment must be entered into the permanent record. (Am. 2/17/13)
- (3) The Committee on Student Promotions may require that a student, who is eligible for dismissal, to repeat a course or courses for which the student has received a passing grade. (En. 3/20/98; Am. 3/26/07, 2/17/13)

(B) Course Credit Units

- (1) For other than clerkships, course credit units shall be assigned at the rate of one unit for thirty hours of programmed work on the part of the student (i.e., faculty-student contact time, time required to acquire professional skills, student-patient contact time, other learning activity, and additional study time). (Am. 2/17/13, 2/18/21)
- (2) For clerkships, one week of full-time clerkship shall equal 1.5 credit units. (Am. 2/17/13, 2/18/21)
- (3) Credit for all courses shall be assigned only as integer or half-integer values. If for a course the calculated value in accord with Regulation 76(B)(1) or 76(B)(2) is not an integer or half-integer value, the course is to be assigned the next lowest such value. (Am. 2/17/13)

(C) Drop Policy

- (1) Per Regulation 60(A)(1), the Committee on Student Promotions, in consultation with the relevant course IOR(s), will make the final determination about allowing students to drop a required medical school course. (Am. 8/28/15)

(D) Credit by Examination

- (1) Credit by Examination is available to students registered in the School of Medicine under the following rules:
 - (a) Students may apply to obtain Credit by Examination in any required course of the medical curriculum in which such credit is offered by the responsible department (for single-department courses) or by the Committee on Educational Policy (for all other courses). (Am. 2/17/13, 2/18/21)

- (b) Application, which must occur prior to any examination that is to be used for assignment of credit, shall be presented on a form obtained from the School of Medicine Registrar and must be approved by the Instructor of Record, the Department Chairperson (for single-department courses) or by the Committee on Educational Policy (for all other courses), and the Dean or a(n) Vice/Associate Dean whose portfolio includes curricular affairs. (Am. 3/26/07, 2/20/08, 2/17/13, 2/18/21, 10/15/21, 5/17/24)
- (c) The grade shall be recorded for the academic quarter in which the examination for credit was taken. The Y is not permitted. (Am. 12/31/94, 2/20/08, 2/17/13)
- (d) Credit by examination for a course previously taken in which a student received F as the final grade (recorded in the transcript) requires approval of the Instructor of Record, the Department Chairperson (for single-department courses) or by the Committee on Educational Policy (for all other courses), the Dean or a(n) Vice/Associate Dean whose portfolio includes curricular affairs and the Committee on Student Promotions. For such students, Credit by Examination is a repetition of the course, for which degree credit will be given only once, but the grade assigned at each enrollment shall be entered into the permanent record. (Am. 12/31/94, 2/17/13, 10/15/21, 5/17/24)

80. Deficiencies, Remediation, Academic Warning, Probation, Dismissal and Appeal. (Am. 2/17/13)

(A) Deficiency

- (1) A deficiency is a breach of University policy or a lapse in professionalism, either of which is deemed significant enough by the Committee on Student Promotions to warrant placing a student on academic warning or probation status, or receipt of a Y mark or F Grade in a course or failure to pass a USMLE Step exam. (Am. 2/17/13, 8/2/16, 11/27/17)

(B) Remediation

- (1) The term “remediation” shall be taken to mean converting a Y mark to a P grade, retaking and passing a course for which an F grade has been received, or passing a previously failed USMLE Step 1 or Step 2 examination by following the directives of the Committee on Student Promotions. The Committee on Student Promotions’ directives incorporate recommendations of Instructors of Record (if appropriate) and/or school policy for remediation of course failures. (Am. 3/26/07, 2/20/08, 2/17/13, 5/17/24)
- (2) Remediation of an F grade requires that the course be retaken a) the next time it is offered in the regular schedule, b) at another time as per the directive of the Committee on Student Promotions, or c) by means of Credit by Examination (Regulation 76, D). (Am. 6/14/99, 3/26/07, 11/19/10, 2/17/13, 2/18/21, 5/17/24)
- (3) The Committee on Student Promotions may require the student to modify their curricular pace, if judged necessary to increase probability of academic progression. (En. 7/1/98; Am. 2/17/13, 2/18/21)
- (4) The Committee may recommend assessment and remediation of study skills, test-taking skills, or clinical skills, or may recommend evaluation for learning or other disability. The Committee may also recommend psychiatric evaluation and/or counseling/psychotherapy. The Committee may require a written clearance from a Committee-approved, qualified professional before the student is allowed to return to duty. (En. 7/1/98; Am. 3/26/07, 11/19/10)
- (5) A student who has an unremediated F grade or Y in a required clinical course, or who is on academic warning or academic probation, may not participate in rotations outside of UC Davis unless approved by the Committee on Student Promotions. (Am. 12/31/94, 3/20/98, 6/14/99, 3/26/07, 2/20/08, 2/17/13)

(C) Academic Warning and Academic Probation: (En. 7/1/98; Am. 2/17/13)

- (1) Any medical student may be placed on academic warning or probation by the Committee on Student Promotions for any academic or professionalism deficiency as outlined in the Committee's policies and procedures published on the School of Medicine website, or any material violation of University policy. (Am. 11/19/10, 2/17/13, 11/27/17)
- (2) Students who are placed on academic warning or probation will be informed in writing of the specific deficiency (ies) for which warning or probation is being imposed, the specific steps to be taken to remediate the deficiency (ies), the effective date of the academic warning or probation, and the duration of academic warning or probation, within two weeks of notification of warning/probation. For academic deficiencies, the effective date of the academic warning and probation shall be the date the student is informed of the grade/mark or the USMLE examination results are posted. All other warning/probation designations are effective the date that the student is notified of the deficiency by the Committee on Student Promotions. (En. 3/20/98; Am. 06/19/09, 2/17/13, 11/27/17)
- (3) Promotion While on Academic Warning and Academic Probation

If, in the judgment of the Committee on Student Promotions, a student on academic warning or probation can remove their deficiency while enrolled in the curriculum of the subsequent year, the student may be promoted provisionally on a case-by-case basis, but will remain on academic warning or probation until all deficiencies have been corrected. (Am. 3/26/07, 2/17/13, 2/18/21)

(D) Academic Dismissal:

- (1) Dismissal of a student from the School of Medicine may be recommended by the Committee on Student Promotions to the Executive Committee of the faculty for one or more of the following reasons: (Am. 8/28/15, 8/2/16, 12/7/22)
 - (a) Academic reasons
 - i) Receipt of a second and all subsequent F grades.
 - ii) Receipt of a third and all subsequent Y marks. Irrespective of the final grade outcome following receipt of a Y mark, Y marks, once accrued, will count towards the cumulative Y mark count for dismissal.
 - iii) Receipt of a deficiency while on a modified curriculum for academic deficiencies.
 - iv) Failure to pass a USMLE Step exam within the maximum attempts allowable by NBME policy or four attempts, whichever is lower.
 - v) Failure to pass USMLE Step 1 exam within two years of the end of the second year Curriculum. (Am. 5/17/24)
 - (b) Professional lapses
 - i) A professional lapse that is considered egregious enough by the Committee on Student Promotions to warrant placement of the student on Academic Probation. (See Satisfactory Academic Progress, Academic Warning/Probation and Dismissal Policy on the UC Davis School of Medicine MD Program Policies website. (Am. 5/17/24)
 - ii) A second and all subsequent professional lapses brought to the Committee on Student Promotions that, in the Committee's judgment, warrant placement of the student on Academic Warning or Probation status. (Am. 2/18/21)
 - (c) Failure of any student to meet the requirements and expectations developed by the Committee on Student Promotions within the time frame specified.

- (d) Engagement of student in egregious violation or being found in disciplinary action to have engaged in misconduct in violation, of University Campus, or School of Medicine rules governing student conduct.

(E) Dismissal Appeal

Any student who has been dismissed by the Faculty Executive Committee may appeal in writing to the Dean of the School of Medicine explaining why their dismissal should be overturned. The student must submit their appeal to the Dean within thirty days of receiving notification of the dismissal. The Dean must, within 21 days of receipt of the appeal, determine whether the student should remain dismissed or be reinstated. (Am. 2/17/13, 8/28/15, 8/2/16, 2/18/21)

- (1) There are only two grounds for a student to appeal a dismissal decision by the Faculty Executive Committee: 1) Factual errors in the record that were not identified by either the Committee on Student Promotions or the Faculty Executive Committee, and 2) Failure of the Committee on Student Promotions or the Faculty Executive Committee to follow procedure set forth in these regulations.
- (2) If the Dean decides to reinstate the student, the Dean will inform the Committee on Student Promotions of the reasons for not upholding the decision to dismiss.

Students reinstated by the Dean after appeal must remediate the outstanding deficiencies which led to the dismissal, and their remediation and course of study shall be solely determined by the Committee on Student Promotions.
