

Jennifer Doll, CPA, M.P.A.
Chief Financial Officer, UC Davis Health

Jennifer Doll has more than 31 years of experience in public accountancy and financial leadership. In her role, she provides executive oversight for the overall financial operation of UC Davis Health, which includes the School of Medicine, Betty Irene Moore School of Nursing, Medical Center, and the Medical Group.

She leads these units in areas of financial reporting, financial planning and analysis, budgeting and accounting systems and procedures, revenue cycle management, health information management, capital planning and expenses, facilities planning, and design and development.

Doll previously served as the Senior Vice President and Chief Financial Officer at Oregon Health and Science University (OHSU Health Care), an 800-bed academic health system where she collaborated with leadership on strategic partnerships with two affiliated health care entities and oversaw financial outcomes and contract requirements within management agreements and joint operating agreements.

Doll has a Bachelor of Science in accounting from Missouri State University and a Master of Public Administration from the University of Missouri-Columbia. She is a member of the Healthcare Financial Management Association and the American Institute of Certified Public Accountants.
