SECTION II – GENERAL INFORMATION

University of California at Davis Health Profile

UC Davis Health (UCDH) is comprised of several large entities including a large tertiary delivery system and nationally ranked Schools of Medicine and Nursing. Through leveraging these strengths, UCDH is improving lives and transforming health care by providing outstanding patient care, conducting ground-breaking research, fostering innovative interprofessional education, and creating dynamic, productive partnerships with regional healthcare providers and the community. We are a major driver of economic prosperity in the Sacramento region and Northern California. According to a recent study, UCDH generates more than \$3.4 billion in annual economic output and more than 20,000 jobs. For every employee or dollar of output directly supported by UCDH's operations, the Northern California economy gains an additional 1.1 jobs or \$1.10 of output, respectively.

UC Davis Health harnesses the power of an entire university's nationally ranked resources and research to tackle the most pressing health care issues facing the world today. The School of Medicine is ranked #8 in primary care and #51 in research by US News & World Report. Since opening in 2010, the School of Nursing has consistently ranked in the top 50. Much of the power of UCDH comes from our clinicians and researchers, including partners working on campus and in other UC Davis schools such as the #1 ranked School of Veterinary Medicine, the nation's #3 School of Agriculture and Environmental Sciences, one of the nation's top Colleges of Biological Sciences, and an outstanding College of Engineering – all from one of the top ten 'Best Public Universities' in the entire United States.

As the region's only academic health center, UCDH is focused on providing the highest quality of care, discovering, and sharing knowledge and educating and training a diverse workforce that is responsive to population health care needs. UC Davis Health is a hub of innovation that encompasses UC Davis Medical Center, UC Davis School of Medicine, The Betty Irene Moore School of Nursing at UC Davis, and UC Davis Medical Group.

Today, the ambulatory footprint extends to 23 sites and over 40 clinical practices in the greater Sacramento area, with over 900,000 visits annually, offering top caliber primary and specialty care. In addition to growth through additional sites, significant expansion and enhancement is planned over the next 18 months for several existing locations, which will bring additional UCDH services and clinicians to the communities it serves. The UCDH Patient Contact Center (PCC) opened in 2020 further enhancing the experience for patients, physicians, and staff, and will optimize our efforts around access excellence. PCC team members provide support to UCDH physician practices for appointment scheduling, referral processing, and scheduling template management among other essential support services.

UC Davis Health was recently ranked in the top 10 nationally by Vizient for the outstanding quality of its ambulatory care in outpatient clinics and emergency services.
