

## UC FAIR WORK FAIR WAGE POLICY

On October 1, 2015, UC implemented the Fair Wage act in Article 25 of our T&Cs and it states. If the Services will be performed at one or more UC campuses and/or medical centers, and are not Public Works or federally funded, Supplier warrants that Supplier pays its employees performing the Services no less than the UC Fair Wage (**defined as \$15 per hour as of 10/1/17**).

Supplier agrees UC may conduct such UC Fair Wage/Fair Work spot compliance audits as reasonably requested by UC. In the case of a spot audit, supplier will ensure that auditor makes available to UC its UC Fair Wage/Fair Work papers for audited time period.

**For the purposes of this RFP, the minimum required wage is indicated above. By submitting this RFP, the vendor agrees to comply with the policy.**
