

Responses to Written Questions

RFQ RFX00055 - Replacement Hospital Tower Bed Lift Units

Document Date: August 5, 2026

RFQ Number: RFX00055

Introduction

The following are responses to written questions received in accordance with RFQ RFX00055, Section I - RFQ Instructions and Timeline.

Questions stated below may be slightly modified from the original submissions, including spelling, grammar, punctuation, capitalization, or terminology, for clarity in providing a response.

Questions and Responses

Table 1. Written Questions and Responses

Number	Question	Response
1	Can all 14 units be installed in straight time, one deployment?	Current expectations are that all units will be installed during one installation mobilization effort.
2	What is the proposed installation date?	Installation is expected in June 2028. More precise timing is not currently available.
