Disclosures

Deviations from specifications: Any deviation from the specifications shall be identified and fully described. UC Davis Health reserves the right to accept or reject quotations on each item separately and/or waive any irregularities in the quotation; irregularities may, however, render the quotation non-responsive.

Public disclosure: Responses Become Public Records: All materials submitted in response to this solicitation become a matter of public record and shall be regarded as public record.

Designation of Confidential Information: The Regents will recognize as confidential only those elements in each response, which are trade secrets as that term is defined in the law of California and which are clearly marked as “TRADE SECRET,” “CONFIDENTIAL,” or “PROPRIETARY.” Vague designations and blanket statements regarding entire pages or documents are insufficient and shall not bind The Regents to protect the designated matter from disclosure.

California Public Records Act: The California Public Records Act limits The Regents’ ability to withhold prequalification and bid data to trade secrets or records, the disclosure of which is exempt or prohibited pursuant to federal or state law. If a submittal contains any trade secrets that a Bidder does not want disclosed to the public or used by The Regents for any purpose other than evaluation of the Bidder’s eligibility, each sheet of such information must be marked with the designation “Confidential.” The Regents will notify the submitter of any request to inspect such data so that the submitter will have an opportunity to establish that such information is exempt in any proceeding to compel inspection.

The Regents Not Liable for Required Disclosure: The Regents shall not in any way be liable or responsible for the disclosure of any records if they are not plainly marked “TRADE SECRET,” “CONFIDENTIAL,” or “PROPRIETARY,” or if disclosure is required by law or by an order of the court.

Basis of Award

California Public Contract Code Section 10507 et seq. requires that all purchase contracts and/or agreements involving an expenditure of more than \$100,000 annually be awarded to the lowest responsible bidder meeting specifications, or else all bids be rejected. Lowest responsible bidders may be determined based on one of two bid evaluation methodologies: (1) cost alone, or (2) best value.

This bid shall be evaluated based on cost alone. Pricing must be complete and include all costs necessary to furnish fully operational systems meeting the Section III “Required” elements.

UCDH reserves the right to: (1) waive any immaterial defect or informality; or (2) reject any or all submissions or portions thereof; or (3) reissue a RFQ when UCDH determines that it is in its best interest to do so; (4) make an

award to more than one vendor if in the best interest of UCDH to do so; and (5) evaluate quotations based on cost of ownership elements including equipment acquisition cost, installation cost, warranty, and service/maintenance costs.

Resulting agreement will incorporate the terms, conditions, and requirements set forth in this RFQ.
