Connecting Californians to Assistive Technology (AT) Devices and Services

What is Assistive Technology (AT)?

Any device, gadget, hardware or software used by a person with a disability to do things for themselves that might otherwise be difficult or impossible to do because of their disability.

The AT Network provides a variety of services to help Californians get the technology they need.

FIND A DEVICE

Borrow a Device from one of the AT Network's Device Lending Libraries throughout California. Borrow devices to try before you buy, compare similar devices, or use while your device is being repaired.

Visit http://exchange.atnet.org to see the wide variety of devices you can borrow for FREE!

Find FREE or low-cost used devices including wheelchairs, hospital beds and other devices from organizations supported by the AT Network at http://exchange.atnet.org.

For a list of organizations throughout California that distribute FREE or low-cost used devices, visit the *Find it Now* section of atnet.org

ABOUT THE AT NETWORK

The AT Network connects Californians with disabilities to the devices and services they need to live independently.

Our services and activities include: short-term device loans; an AT Loan Guarantee Program; information and assistance; training; AT reuse; and an interactive website with information, resources and search tools.

The AT Network is a project of the California Department of Rehabilitation and the California Foundation for Independent Living Centers, financed by the U.S. Department of Education, Rehabilitation Services Administration with funds allocated by the 2004 Assistive Technology Act.
