OUR PATH FORWARD

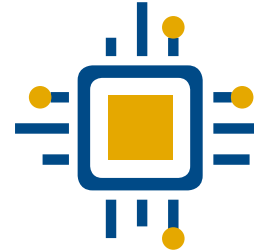

For more information on the 2017-2020 UC Davis Health strategic plan, including goals for individual departments, centers, divisions and other health system units, visit ucdmc.ucdavis.edu/strategicplan

At **UC Davis Health** we proudly apply the expertise, discoveries and technology of a world-class university to advance health and well-being – here in California and across the nation.

Our academic health system includes:

- UC Davis Medical Center
- UC Davis School of Medicine
- Betty Irene Moore School of Nursing at UC Davis
- UC Davis Medical Group

UC Davis Health research includes clinical, translational and basic-science studies, with an emphasis on collaboration and on improving health for individuals, communities and populations.

External research funding

\$298.8 million in 2017

Confronting major health threats:

- Comprehensive Cancer Center: One of 50 U.S. cancer centers designated “comprehensive” by the National Cancer Institute
- MIND Institute: One of 15 NIH-funded Intellectual and Developmental Disabilities Research Centers
- Alzheimer’s Disease Center: 30 years of continuous support from the National Institute on Aging

44+ clinical trials using stem cells (ongoing, planned or completed) at the UC Davis Institute for Regenerative Cures

Part of the new **Alpha Stem Cell Clinics Network**, a top-tier consortium to accelerate stem cell therapies for humans

The UC Davis Alzheimer's Center is leading **the largest-ever study** on **Latinos with cognitive impairment**

Improving health **for all:**

- Center for Reducing Health Disparities
- Center for Healthcare Policy and Research
- Institute for Population Health Improvement
- Center for Health and Technology

Home of America's **first** publicly-funded **firearm violence** research center

Philanthropy impact:

A grant of

\$5 million

from the Gordon and Betty Moore Foundation launched the new **Family Caregiving Institute** at the Betty Irene Moore School of Nursing at UC Davis

Education

Innovative UC Davis interprofessional education gives the health care workforce of tomorrow the skills and values needed to lead change and improve health for all.

Special programs prepare our primary care physicians to **help the underserved:**

- Rural-PRIME (Programs in Medical Education)
- San Joaquin Valley PRIME
- TEACH-MS (Transforming Education and Community Health for Medical Students)
- Prep Médico*
- ACE-PC* (Accelerated Competency-based Education in Primary Care)

*Partnerships with The Permanente Medical Group
