

Name: Priyank Patel

Title: Physician Assistant / Associate

Address: 2315 Stockton Blvd Sacramento, CA 95817

Email: prpat@ucdavis.edu

Specialty: Vascular Neurology – Inpatient

Philosophy of Care:

At the heart of my philosophy of care is a commitment to providing personalized and compassionate care to all patients. I believe that each patient is unique and that a holistic approach is necessary to address not only their physical needs but also their emotional and psychological well-being.

As a healthcare provider in neurology, my goal is to provide a safe and supportive environment for patients to receive the best possible medical care. I strive to empower my patients to take an active role in their recovery by educating them on their condition, treatment options, and lifestyle modifications that can improve their health.

I also recognize the critical role that families and caregivers play in the care of stroke patients, and I prioritize open communication and collaboration with them. I believe that a team-based approach, including physicians, APPs, nurses, therapists, and other healthcare professionals, is essential to achieving the best outcomes for stroke patients.

Ultimately, my philosophy of care is centered on treating each patient with respect, empathy, and kindness. I am dedicated to working tirelessly to help stroke patients achieve their goals and improve their quality of life.
