

Advanced Practice Fellowship

Information Session

The UC Davis advanced practice fellowship program is designed to support new graduate nurse practitioners (NPs) and physician assistants (PAs) in the critical first year as they transition into practice. The programs' primary goals are to help you develop relevant practical skills in critical thinking, evidence based practice and procedural skills in your area of interest.

**Trauma Surgery - Radiology -
Burn Surgery - Endocrinology -
Oncology - Neurology -
Neurosurgery - Orthopedics**
