

Name: Amy C Kuzmich, M.S.N., C.N.S., C.P.N.P.-P.C.

Title: Supervisor Inpatient Advanced Practice Nurse Specialist (APNS)/Clinical Nurse (CNS) Specialist Group

Address: 2315 Stockton Blvd. Sacramento, CA 95817

Email: ackuzmich@health.ucdavis.edu

Specialty:

Clinical Nurse Specialist Inpatient Pediatric Gastroenterology and Nutrition

Philosophy of Care:

Providing patient/family centered evidenced based care is paramount to my role as a clinical nurse specialist. I have been fortunate to work as a bedside nurse, a nurse practitioner, and as a clinical nurse specialist in my nearly 30-year nursing career. The APNS/CNS is tasked with improving patient outcomes by supporting the learning needs of patients, families, and bedside nurses, collaborating with team members across disciplines, and leading nursing practice and policy changes. As UC Davis Health embarks on its expansion, I am excited to draw from my experiences to work with and support the APNS/CNS team, as we continue to promote and influence exceptional nursing practice in an evolving and everchanging world.

Education:

Bachelor of Nursing, Creighton University Omaha, Nebraska

Master of Science Nursing, Advanced Practice Pediatric Nursing, University of California, San Francisco

Certification:

Board Certified Pediatric Nurse Practitioner, Primary Care

Licensed Clinical Nurse Specialist

Licensed Nurse Practitioner
