

ADVANCED NP-PRACTICE CREDENTIALING DOCUMENTS CHECKLIST

Out-of-state N.P. programs – Graduated between April 1, 2020, and Jan. 31, 2021

This checklist applies to applicants who graduated from an FNP or AGNP program located outside of California between April 1, 2020, and Jan. 31, 2021.

It is highly recommended that you plan well in advance to meet these deadlines. If you are accepted into the program and any of the following deadlines are not met, your offer may be rescinded.

If offered an interview

Within five days of an offer to interview, you must complete and sign a Status of Credentialing form (provided by the N.P. residency program) noting the date that you either obtained the following items or submitted applications to the appropriate agency. You will not be able to interview unless these requirements are complete.

- **National board certificate**
Given the lengthy board certification process, it is highly recommended that applicants apply and set a date for the exam no later than Jan. 15. You must take and pass the certification exam prior to April 1.
- **California unrestricted R.N. license** (by endorsement for out-of-state applicants)
- **California nurse practitioner certificate**
- **California nurse practitioner furnishing number certificate**

Note: Applications to the CA Board of Registered Nursing (BRN) may be submitted for simultaneous processing but must be completed in the order listed above.
