

CLINICAL ACTIVITIES CHECKLIST

The following checklist will ensure that you will be exposed to essential objectives based on the UCD SOM graduation competencies. Clinical interactions are desired, but if you are unable to complete this via patient experience, acceptable alternate ways to achieve that exposure are listed.

Alternative Experiences Key	
<i>W(#)</i>	<i>uWise</i> – online APGO topic quiz with topic #
<i>TP</i>	<i>Topic Presentation</i> – 5-10 min presentation to a clinician

Aim to complete 80% of the patient conditions and activities through clinical interaction.

Please INITIAL upon completion of the clinical interaction. For alternative experiences, CIRCLE but do not initial.

Clinical Activity	Core Objective	Student Initials	Alternate Exp. (circle)
Obstetrics			
OB cultural activity	1		
Perform fern or nitrazine test	7		W(25), TP
Observe cesarean delivery	7		
Observe perineal laceration repair	7		
Postpartum care/lactation counseling	8		W(13, 14 and 29), TP
Gynecology			
Perform Pap test	1		
Annual (well-woman) exam	2
