

KNOWLEDGE COMPETENCY CHECKLIST

The following checklist will ensure that you will be exposed to essential objectives based on the UCD SOM graduation competencies. Clinical interactions are desired, but if you are unable to complete this via patient encounters, acceptable alternate ways to achieve that exposure are listed.

Alternative Experiences Key	
W(#)	<i>uWise</i> – online APGO topic quiz with topic #
TP	<i>Topic Presentation</i> – 5-10 min presentation to a clinician

Aim to complete 80% of the patient conditions and activities through clinical interaction. Please INITIAL upon completion of the clinical interaction. For alternative experiences, CIRCLE but do not initial.

Patient Encounter	Core Objective	Student Initials	Alternate Exp. (circle)
Obstetrics			
One of the following (circle) <ul style="list-style-type: none"> • Intimate partner violence screening • Teen pregnancy • Uninsured/underdiagnosed status 	3		W(6 and 58)
One of the following (circle) <ul style="list-style-type: none"> • Preconception care • 1st trimester care • Prenatal diagnosis 	4		W(9), TP
Diabetes and pregnancy	6		W(17), TP
Preeclampsia/eclampsia	6		W(18), TP
Bleeding in pregnancy	6		W(16 and 23), TP
Peripartum infection	6		W(28), TP
Preterm complications (ie. PROM, PTL)	7		W(24 and 25), TP
Postpartum hemorrhage	8		W(27), TP
Gynecology
