UC DAVIS HEALTH | Department of Pathology and Laboratory Medicine

Pathology and Laboratory Medicine Research Seminar

"Culture-Centric Narrative to Promote Organ Donation: Lessons from Brain Donation for ADRD Research"

Learning Objectives:

1. To describe the role of culture-centric narrative in activating health behaviors.
2. To discuss the potential of culture-centric narrative to increase racial and ethnic diversity in research involving brain donation.
3. To discuss applications of the culture-centric narrative approach in other contexts.

WEDNESDAY, NOV. 18, 2026
