15

12:00-1:00 PM
Pathology
Building
PATH 1002

Tsung-Chieh Shih,
Ph.D.,
Project Scientist
UC Davis, Department
of Biochemistry &
Molecular Medicine

Candidate, Academic
Experimental Pathologist,
Microbiome Research
Assistant/Associate
Professor

Special Faculty Recruitment Presentation

*"Molecular Pathology in Human
Disease with Galectin-1 as a
Therapeutic Marker."*

Presented by:

***Tsung-Chieh Shih, Ph.D.,
Project Scientist
UC Davis, Department of Biochemistry &
Molecular Medicine***

***Candidate, Academic Experimental
Pathologist, Microbiome Research
Assistant/Associate Professor***

***This is a non-CME event. Lunch will be served to
attendees.***
