Sometimes Less Yields More: A Machine Learning Paradox

Tuesday, February 12, 2019
12:00 pm to 1:00 pm

Dr. Rashidi combines his passion for patient care and education with his unique training in bioinformatics and computer programming to create innovative new tools and resources that improve clinical practice and health. Dr. Rashidi is the co-founder, developer, and senior editor of HematologyOutlines, an online atlas used internationally by medical schools and other training programs, and endorsed by the American Society of Clinical Pathology for clinical laboratory scientist and medical technologist training.

In addition to this, Dr. Rashidi is very involved in various machine learning projects. Projects currently in progress by Dr. Rashidi and his team include development of artificial intelligence/machine learning (AI/ML) platforms applicable for diagnostic, educational and research use in multiple pathology subspecialty areas and other health science disciplines.

Lunch will be served at 11:45 am

ACCREDITATION: The University of California, Davis, Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
