UC DAVIS GENOMIC MEDICINE, GENOME CENTER AND COMPREHENSIVE CANCER CENTER PRESENT:

2018—2019 HUMAN GENOMICS SEMINAR SERIES

Web Connect HTTPS://UCDHS.WEBEX.COM
Access Code: 823 374 737 Password: HGSS

Oct 3, 2018  Brenna Henn, Ph.D.
12:00 PM  UC Davis Dept. of Anthropology
CHT 1341 Characterizing Genetic Architecture of Biomedical Phenotypes in African Populations

Nov 7, 2018  Wolf-Dietrich Heyer, Ph.D.
12:00 PM  UC Davis Dept. of Microbiology & Molecular Genetics
CHT 1341 Mechanism and Regulation of Recombinational DNA Repair: Impact on Human Disease

Dec 5, 2018  Henry Ho, Ph.D.
12:00 PM  UC Davis Dept. of Cell Biology and Human Anatomy
CHT 1341 Robinow Syndrome as a Model to Understand the Molecular Regulation of Tissue Morphogenesis

Jan 9, 2019  Maria Mudryj, Ph.D.
12:00 PM  UC Davis Dept. of Medical Microbiology and Immunology
CHT 1341 Novel Targets for Treatment of Urothelial Cancers

Feb 6, 2019  Jill L. Silverman, Ph.D.
12:00 PM  UC Davis Dept. of Psychiatry and Behavioral Sciences
Med Ed 1222 Translation in Fast Forward: Patient Driven Research on Deletions and Duplications of Chromosome 15q11.2–q13

Mar 6, 2019  Li-En Jao, Ph.D.
12:00 PM  UC Davis Dept. of Cell Biology and Human Anatomy
CHT 1341 Centrosome Biogenesis and Human Disease

Apr 3, 2019  Gino Cortopassi, Ph.D.
12:00 PM  UC Davis Dept. of Molecular Biosciences, School of Veterinary Medicine
CHT 1341 Friedreich’s Ataxia and Other Mitochondrial Diseases: Pathophysiology and Potential Therapy

May 1, 2019  Suma P. Shankar, M.D., Ph.D.
12:00 PM  UC Davis Dept. of Pediatrics, Division of Genomic Medicine
CHT 1341 Whole Genome Sequencing in the Precision Medicine Era

Jun 5, 2019  Michele A. La Merrill, Ph.D., M.P.H.
12:00 PM  UC Davis Dept. of Environmental Toxicology
CHT 1341 A Role of Thermogenesis in Human Genetics and Environmental Exposures Underlying Obesity

Sponsored by: UC Davis Health Office of Continuing Medical Education.
