

Christopher Hyunjoon Kim, M.D., M.P.H.

Philosophy of Care

There is no greater privilege than being entrusted to care for the health needs of your children. I believe that promoting children's health should take place beyond the walls of the doctor's office, and is a collaborative effort between physician, child, parents, caregivers, and the community. I strive to provide children and families with comprehensive and compassionate care that is evidence-based.

Clinical Interests

Dr. Kim is a general pediatrician who sees children of all ages. His primary focus is caring for underserved and vulnerable children at the Sacramento Native American Health Center. He manages a wide variety of conditions including asthma, allergies, eczema, acne, and ADHD. He also provides urgent and same-day care services at the Glassrock Pediatric Clinic. Dr. Kim follows the CDC-recommended immunization schedule.

Research/Academic Interests

Dr. Kim's research interests are in the health consequences of school absenteeism, and is investigating novel strategies to prevent school absenteeism due to chronic illness.

Title

Assistant Clinical Professor
Medical Director, Division of Pediatric Primary Care

Specialty

[Pediatrics General](#)
