NMRL Research Assistant Application Form

The UC Davis Department of Physical Medicine and Rehabilitation's Neuromuscular Research Lab conducts clinical trials and research studies targeted at facilitating treatment advancement for those with neuromuscular diseases (NMD). Our research lab focuses on understanding the causes of diseases and their secondary conditions, improving preventative care, and developing therapies using state of the art technologies and innovative approaches to the study of disease.

The Research Assistant role is vital in our success in patient care and data outcome measures. In this role, you will have the chance to shadow Kinesiologists/Clinical Evaluators, work closely with Clinical Research Coordinators to upkeep the maintenance of various clinical protocols and SOPs, and engage in the NMD community through outreach initiatives!

Positions are awarded every quarter. If you would like to continue with us beyond 1 quarter, you <u>must</u> reapply!

Personal Information

Full Name: _____   **Date of Birth:** _____

Address: _____

Email: _____   **Phone:** _____
