What is Becker Education and Engagement Day?

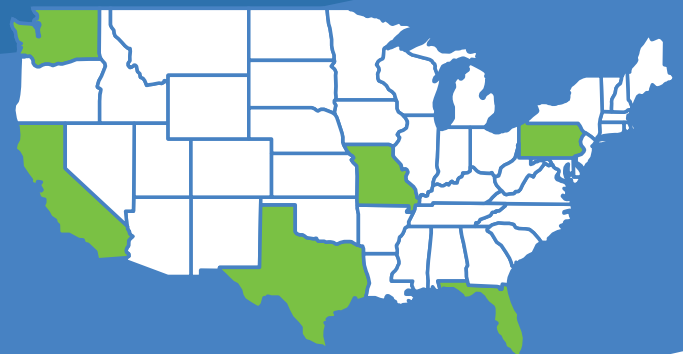

Becker Education and Engagement Day began in 2023 when a group of individuals living with Becker, advocacy groups, clinicians, and researchers in Becker came together to design an opportunity for those in the Becker community to connect. The inaugural event gathered 150 individuals across four locations in the United States on December 2nd, 2023 to learn about:

- Becker care considerations
- Becker Cardiac considerations
- Exercise & physical therapy in Becker
- Research & trial opportunities

“So often I have felt alone with this disease and for the first time I have an overwhelming sense of relief that I have others to relate to and who will all support each other. The impact of this event is greater than you know.”

- Individual living with Becker

Join us for BEED 2024! Locations in **California, Florida, Missouri, Pennsylvania, Texas, & Washington** are confirmed.

Registration is free for individuals living with Becker & their families.
