

Misty D. Humphries, M.D., M.A.S., RPVI, F.A.C.S.

Philosophy of Care

Dr. Humphries believes comprehensive vascular care for patients with arterial and venous disease includes management of risk factors as well as disease treatment. She incorporates new research technologies with traditional vascular care, and believes that patients should take an active role in treatment planning.

Dr. Humphries also welcomes open communication with families in support of a common mission of optimal patient care.

Clinical Interests

Dr. Humphries specializes in open vascular and advanced endovascular treatment for arterial and venous disease. Her primary clinic interest is in endovascular treatment of complex aortic aneurismal disease, as well as peripheral artery disease.

This has provided her the opportunity to speak on a national and international level about the use of advanced endovascular interventions in the treatment of complex aortic pathology, including aortic dissection and aneurismal disease.

Research/Academic Interests

Dr. Humphries' research focuses on outcomes and disparities in care for patients with critical limb ischemia.

Her goal is to identify new treatment strategies to prevent limb loss in this population with advanced arterial disease of the lower extremity.

Title Assistant Professor, Department of Surgery

Education M.D., Texas A&M University, College Station TX 2003

M.A.S., Clinical Research Studies, UC Davis, Sacramento CA 2012-2014

B.S., Texas A&M University, Corpus Christi TX 2003

Internships General Surgery, University of California-Davis, Sacramento CA 2003-2004

Residency General Surgery, University of California-Davis, Sacramento CA 2004-2010

Fellowships Oncologic Research, Sloan Kettering Cancer Center, New York NY 2006-2007

Vascular Surgery, University of Utah, Salt Lake City UT 2010-2012

Board Certifications American Board of Surgery - General Surgery, 2010

American Board of Surgery - Vascular Surgery

Professional Memberships American College of Surgeons, Fellow

American Medical Association

Comparative Effectiveness Committee, Society for Vascular Surgery

Membership Committee, Western Vascular Society

Northern California Vascular Society

Pacific Coast Surgical Society

Resident/Student Outreach Committee - Society of Vascular Surgery, Young Surgeons Committee

Sacramento Surgical Society

Society for Vascular Surgery

Vascular and Endovascular Surgical Society, Member, Liaison for the Young Surgeons Committee and Resident/Student Outreach

Western Vascular Society

Honors and Awards Academic General Vascular/Aortic Surgeon Search Committee, 2016

Present Director - 4th Year Vascular Clerkship, UC Davis Medical Center, 2013

Chair - New Product Lines Task Force, Department of Surgery, UC Davis Medical Center., 2013

Present Member - Clinical Operations and Marketing Committee, UC Davis Medical Center., 2015

Member - General Surgery Steering Committee., 2006

Winner, Pacific Northwest Endovascular Resident Skills Competition, 2010

Class Vice-President, Texas A&M College of Medicine, Elected, 2003

Misty D. Humphries, M.D., M.A.S., RPVI, F.A.C.S.
