

Robert Torrance Andrews, MD, FSIR

Associate Physician Diplomate

Specialties

Interventional Radiology

Department

Radiology

Division

Interventional Radiology

Internal Contact Information: 916-734-6464

BIO

Philosophy of Care and Clinical/Research/Academic Interests

Interventional Radiology is the ultimate example of minimally invasive surgery: we are literally operating on patients from the inside. Most IR procedures need only a tiny puncture in the skin to accomplish things that have historically required large incisions. Dr. Andrews has focused his career on the development of these techniques and their use in a broad range of conditions including women's health, cancer, and vascular disease. His main area of interest has been liver disease and most particularly those liver conditions associated with liver transplant.

EDUCATION

Board Certifications

American Board of Radiology – Interventional Radiology, Board Certified, 1995

Undergraduate School

BS - Biology, San Diego University, San Diego, CA 1985

Medical School

MD, University of California, San Diego, La Jolla, CA, 1990

Internship

Transitional, Harbor-UCLA Medical Center, Torrance, CA, 1990-1991

Residency

Radiology, Harbor-UCLA Medical Center, Torrance, CA, 1991-1995

Fellowship

Interventional Radiology, Johns Hopkins, Baltimore, MD, 1995-1997

Professional Memberships

Society of Interventional Radiology

AWARDS AND RECOGNITIONS

Herbert Peiffer Student Leadership Award; 1985

Lange Medical Publications Award (For contributions to the UCSD School of Medicine); 1988

Outstanding Teacher of the Year, Johns Hopkins Hospital Department of Radiology; 1997

Distinguished Reviewer, Journal of Vascular and Interventional Radiology; 1998, 1999, 2000

Fellow, Society of Interventional Radiology 2005

Seattle's Best Doctors 2011; Seattle Met Magazine

Washington's Best Doctors 2011, 2012; WA Magazine

Seattle's Best Doctors 2017, 2019, 2020; Seattle Magazine
