Addendum to
RFQ# 002476-AUG 2021 UCDH DARK FIBER CONNECTIVITY-EDB
Q&A Responses

All questions are included in this list of Questions. Some answers will refer to previous responses by question number.

Q. 1. Regarding RFQ 002476, is a response to Appendix A, “Data Security,” required? We do not anticipate any need for connectivity or interaction with the UCD network or any UCD equipment as we are providing non lit services.

A. 1. Acknowledged, bidder is providing dark fiber. It is preferred that the bidder complete and submit a response to Exhibit 2 of the Appendix-Data Security, Bidder’s Data Security Plan, but it is not required.

Q. 2. When we upload Attachment 2 -RFQ 002476_UCDH RFQ AUG 2021 DARK FIBER CONNECTIVITY.PRICING.xlsx to the “Price Sheet Section” will it resolve the error I am seeing in CalSource.net? If not, what is required in the Price per unit section shown below if we are providing pricing on a separate excel document provided

A. 2. Do not upload your pricing response in the Price Sheet Section. Please upload all responses in the Supplier Response section.

The website required an entry in the Price Sheet section but this section is not being used for this RFQ.

Q. 3. In section 9 b. of Attachment A – RFQ Dark Fiber SOW.Final (2) – Word, We have no outlined rates for Time and Materials for others rendering services outside our organization. All costs are factored into and will be included in the final pricing delivered. Are we required to provide a “Rate per Hour/Day”? All work to be performed by [our] Employees.

A. 3. Prevailing wage is the requirement and if the costs are rolled into the monthly cost, IT has no need to see this information, therefore, providing this information is optional.

Q. 4. Actual SOW for our outside plant can be provided along with Estimated No. of Days and our total costs. Will that be sufficient?

A. 4. This is sufficient for IT

Q. 5. Will UCDH accept [Bidder’s] standard reporting as laid out in our product service schedules?

A. 5. IT will not accept this document

Q. 6. What term is UCDH requesting? (Example 36 month, 60 month, 120 month?)

A. 6. 36 months.
Q. 7. Will UCDH accept a network design that is diverse from the Service UCHD orders directly from [Bidder]? ([Bidder] does not have visibility into the service UCHD orders through 3rd party agents or vendors)

A. 7. Diversity within Bidder’s plant is all that is requested

Q. 8. Will UCDH accept the SLA’s, terms and conditions laid out in [Bidder’s} MSA and Dark Fiber Service Schedule? [Bidder] will be unable to meet or accept a number of the SLA and terms laid out in this RFP and related docs.

A. 8. IT will not accept this document.

All responses provided in this document shall be incorporated as clarifications to this RFQ.

Bidders must sign the document below in acknowledgement of the receipt of this information and return in the Bidder’s response:
