### Presentations

1. "Time Since Smoking Cessation and Lung Function Predict Pulmonary Complications after Lobectomy"  
Podium presentation at the American Association for Thoracic Surgery 99<sup>th</sup> Annual Meeting, Toronto, Canada  
May 5<sup>th</sup>, 2019
2. "Does One Size Fit All? An Evaluation of the 2018 Leapfrog Group Minimal Hospital and Surgeon Volume Thresholds for Lung Surgery"  
Podium presentation at the Northern California Chapter of the American College of Surgeons Annual Meeting, Berkeley, CA  
March 16<sup>th</sup>, 2019  
Received 2<sup>nd</sup> Place in the "Thomas R. Russell MD, FACS Surgical Trainee Research Competition"
3. "Cardiopulmonary Assessment Prior to Lung Resection: What Are Thoracic Surgeons Doing?"  
Podium presentation at The Society of Thoracic Surgeons 55<sup>th</sup> Annual Meeting, San Diego, CA  
January 29<sup>th</sup>, 2019
4. "Use of Lobectomy is Key to Optimized Survival for Advanced Stage Non-Small Cell Lung Cancer Patients"  
Podium presentation at the University of California Davis Department of Surgery Annual Research Symposium, Sacramento, CA  
April 24<sup>th</sup>, 2018  
Received "Top Clinical Research Award"
5. "Personalized Prediction of Survival for Advanced Stage Non-small Cell Lung Cancer"  
Podium presentation at the University of California Davis Department of Surgery Annual Research Symposium, Sacramento, CA  
April 18<sup>th</sup>, 2017  
Received "Top Clinical Research Award"
6. "Analgesic use in six urban emergency departments"

Poster presentation at the University of Illinois at Chicago College of Medicine Research Forum, Chicago, IL  
November 20, 2013

7. "Neoadjuvant therapy in advanced stage non-small cell lung cancer: benefits of preoperative chemoradiation therapy"

Poster presentation at the Rush University Research Forum, Chicago, IL  
April 3, 2013
