

February 2015

Message from Dr. Galante Program Director

Happy February,

I'd like to thank everybody for all their work with the interview process for this year's incoming class. We're all finished and have submitted the rank list.

REMINDER: Research Day abstract are due **NO LATER** than **March 1st**. If possible, any earlier than that would be appreciated.

If you are presenting at any conference this year, or any year, you must turn in a travel request. Please pick up the form in the house staff office.

The **ACGME Resident Survey** is coming soon, please talk to your class representatives about this.

The **Residency Fair** is February 12th, 12-1:30pm at the Education Building, 2nd Fl. Lobby.

DIVISION OF TRAUMA, ACUTE CARE SURGERY AND SURGICAL CRITICAL CARE

Beginning this January, Monday-Friday, there is a dedicated nurse practitioner to help with discharges.

ACS will be coming for their site visit the week of April 6-10. The specific dates during that week are TBD.

Starting this July 2015, we are expanding our fellowship program to 3 fellows. This is great news for the division. It will not have any impact on resident education.

-Dr. Galante

Surgery Grand Rounds

Date	Speaker	Topic
