

John F. MacMillan, Jr., M.D.

| | |
|-----------------------------------|--|
| Philosophy of Care | I believe in caring for the whole patient and family not just their medical illness. I aspire to empathic, honest and open communication with patients and families. |
| Clinical Interests | Dr. MacMillan is an general internist whose focus of care is on the hospitalized adult patient. In addition, he is board certified in hospice and palliative medicine and has special interest in working with adult patients and families dealing with life limiting medical illness. |
