

Carrie Esther Silver, Ph.D.

Philosophy of Care I believe in a collaborative, family oriented and strength-based approach. My hope is to partner with families and engage interdisciplinary care providers in an open and trusting environment to promote resilience and positive outcomes.

Clinical Interests Dr. Silver is a licensed clinical psychologist at the UC Davis MIND Institute. Her interests include diagnostic assessment of neurodevelopmental and mental health concerns in children. She also has specialized training in providing evidenced based therapy with at risk youth including those with a history of trauma.
