

Carol Vandenakker-Albanese, M.D.

Clinical Interests Dr. Vandenakker-Albanese has clinical interests in diagnosis and non-operative care of spine conditions and problems related to sequelae of polio. She has extensive experience working with a team of spine specialists to provide patients with consultation, an accurate diagnosis and the most effective treatments and therapies available. Dr. Vandenakker-Albanese is well-known for her expertise in post-polio syndrome and established the UC Davis Post-Polio Clinic in 2001. Dr. Vandenakker-Albanese emphasizes patient education regarding their conditions to promote self-management and patient directed care. She speaks locally, nationally and internationally on topics related to spine care and the management of polio-related conditions. She reviews manuscripts for multiple medical journals and has authored several book chapters and peer-reviewed journal publications on topics relating to aging with disability, and rehabilitation of spine and post-polio conditions.

As the department's Mentoring Director and Residency Program Director, she promotes quality medical education and fosters professional development.

Title	Professor Residency Program Director
Specialty	Physical Medicine and Rehabilitation
Department	Physical Medicine and Rehabilitation
Division	Physical Medicine and Rehabilitation
Center/Program Affiliation	Spine Center
Address/Phone	Cannery Building, Spine Center, 3301 C St. Suite 1500 Sacramento, CA 95816 Phone: 916-734-7463
Additional Phone	Physician Referrals: 800-4-UCDAVIS (800-482-3284)
Education	M.D., Oral Roberts University, Tulsa OK 1986 B.S., Oral Roberts University, Tulsa OK 1980
Internships	Internal Medicine, St. Lukes-Roosevelt Hospital, Columbia University, New York NY 1986-1987
Residency	Physical Medicine and Rehabilitation, Rusk Institute of Rehab Medicine, New York University Medical Center, New York NY 1987-1990
