

Mitchell D. Creinin, M.D.

Philosophy of Care

The patient and the physician are partners in care. A patient's time and efforts to maintain and improve her health are to be valued as much as the physician's time in providing her with care.

Clinical Interests

Dr. Creinin is a board certified specialist in Obstetrics and Gynecology and a board certified subspecialist in Complex Family Planning. He has committed his career to teaching, research and clinical care aimed to ensure women and their families have full access to all reproductive health care.

Research/Academic Interests

Dr. Creinin's research focuses on new contraceptive technologies, management of miscarriage, and abortion techniques, all aimed to improve the quality of care available to patients here and in lower and middle-income countries.
