

Susan Murin, M.D., M.Sc., M.B.A.

Philosophy of Care	I consider it a tremendous privilege to be a physician. I see myself as a partner in the care of my patients. It is my job not just to diagnose and treat, but to educate patients so they can be active participants in their care, and make informed decisions based upon their own values and priorities.
Clinical Interests	Dr. Murin is a pulmonary and critical care specialist whose interests include venous thromboembolism (blood clots), lung cancer screening, and pulmonary nodules.
Research/Academic Interests	Dr. Murin's research has focused upon venous thromboembolism and the adverse effects of smoking on non-pulmonary malignancies.
